120. Concessions consequent on the suspension during the war of retirements and transfers of officers to the Unemployed Supernumerary List.

It has been decided that, as ordinary retirements and transfers to the Unemployed Supernumerary List are suspended during the war, officers qualified for the retiring pension of £700 a year may be permitted to draw unemployed pay at that rate, and that officers who entered the Indian Army before the 1st July 1881 may be permitted, at any time after qualifying for the pension of £750 a year, to draw unemployed pay at that rate. Any officer who entered the Indian Army before the 1st July 1881 and elects to draw unemployed pay equivalent to pension has, as a condition, to relinquish the prospect of succession to Colonel's allowances. The names of such officers will then be removed from pages 725-6 of the Indian Army List.

2. It has also been decided that General Officers appointed to the Indian Army before the 1st July 1881 may be permitted to become supernumerary on the establishment of General Officers and to draw a rate of unemployed pay equal to the pension of rank on condition that they relinquish any prospect of succession to the Colonel's allowances or of promotion to higher rank, and that General Officers who entered the Indian Army later may be allowed the same concession on condition that they relinquish any prospect of promotion to higher rank. This option will not be open to officers employed under the Government of India and drawing Indian salaries.

3. Officers who desire to avail themselves of the above concessions should submit their applications through the prescribed channel and the Controller of Military Accounts concerned to the Military Secretary to His Excellency the Commander-in-Chief in India.

These orders apply to all officers of the Indian Army and the Indian Medical Service (except those mentioned in Army Regulations, India, Volume II, paragraph 226) and to British Service officers under the Indian Army leave rules

Officers who were on sick leave on the 17th February 1917, and who had by that date completed the three months on full pay may, irrespective of the periods for which they have been on leave, receive pay and half staff pay as from that date for a maximum period of six months, provided that the limit of two years from date of being struck off duty is not exceeded

If an officer having been invalided from Mesopotamia or elsewhere to India does duty in India, and is afterwards invalided home, such period of duty will not count as part of the time during which he is entitled to full pay and half staff pay, provided that the relinquishment of duty is due to the original disability for which he was invalided from field service

The above concession will not apply to officers who are invalided on account of disabilities for which they are personally responsible.

Last-pay certificates issued in India for officers invalided from the field should contain full particulars of the pay drawn from the date of being struck off duty in the field

The extra expenditure involved is debitable to His Majesty's Government through the Controller of War Accounts

18—General No 2480 (A G 5)

MEMORANDUM.

Showing the position of non-commissioned officers who have been promoted in error, and the procedure to be followed in regard to such promotions.

Cases having occurred in which promotions in, and to, the rank of non-commissioned officer have been made in error, and in the absence of an existing vacancy, it is desirable that there should be a clear understanding as to the position of the non-commissioned officers so promoted.

It is therefore notified for general information and guidance that every such promotion when completed holds good, and is not liable to cancellation on the ground of error in making the promotion.

The question of pay will be dealt with under Army Act, section 186, and article 893 of the Royal Warrant for Pay. Under this article the pay of the higher rank to which the soldier is promoted is only issued to him from the date of the vacancy to which he succeeds.

When, therefore, no vacancy exists, it has been decided that, from the date of discovery of the error in respect of the promotion, pay of the higher rank shall not be issued.

In these circumstances the non-commissioned officer affected will be given the option, should he desire to do so, of voluntarily resigning the higher rank to which he has been promoted in error. If he elects to retain his rank he will not draw the higher rate of pay until such time as he is absorbed into a vacancy.

The question of responsibility for any loss which may be caused to the public by reason of a promotion made in error will be submitted for consideration by the Army Council, it being clearly understood that the officer who makes an irregular promotion of this nature may be held liable for any financial loss which results from such promotion.

The foregoing instructions apply to all promotions made in error, and in the absence of a vacancy, and are therefore applicable to any promotion which is consequent upon, or results from, a promotion made in error.

WAR OFFICE,

5th September 1917.

Scheme for the formation of a Royal Training Company (India).

The Royal Engineer Training Company (India) administer all British Royal Engineer soldiers in India those borne on the strength of "H" Company, Royal Engineer for service with Sappers and Miner Corps, and will be based at Bangalore.

The Company will include all Royal Engineer soldiers belonging to the following services in Force "D":—

Regular (Royal Engineer) personnel of Inland Transport.

Searchlight Company, Force "D".

Regular (Royal Engineers) personnel of Works

Drafts received from England for acclimatization to join this Company and will be drafted as required for service.

All men belonging to the above mentioned services taken on the strength of this unit.

The following minimum depot staff is authorized:

1 Major or Captain, Royal Engineers, Commandant

2 Captains or Lieutenants or Second Lieutenants,

1 C. S. Major, Royal Engineers.

1 C. Q. M. S., Royal Engineers.

4 Sergeants.

4 Corporals

4 Second Corporals.

4 Lance Corporals.

The British officers of the Company will be found unfit for service in India; the remaining depot

ordinarily be found from* non commissioned officers of Royal Engineer Field Units unfit for service in Mesopotamia, but fit for service in India, any numbers required to complete establishment being found from men fit and available as reinforcements. If the necessary ranks are not available from these sources acting rank may be given to men of Royal Engineer Field Units unfit for despatch as reinforcements. All ranks on the staff of the Company will be able to be sent on service, when fit, as draft reinforcements.

The above staff may be increased from time to time, as considered necessary, up to the number of non commissioned officers actually available for duty with the Company.

It is considered that the services of a sufficient number of Royal Engineer clerks will always be available at the depot for clerical duties.

Returns—On the 28th of each month the Officer Commanding Training Company, will render to the Adjutant General in India a return in the form attached (Appendix 18 to these Instructions), and from this information draft reinforcements will be detailed by the Adjutant-General in India.

- (ii) horse allowance as a separate item for one charger is
admissible in each case in addition.

APPENDIX 20 (See A. I. I. 173).

General principles to be followed in the of cases referred to in A. I. I. 173.

The conditions under which the pensions for aggravated by field service are granted are laid down in Department letter No 1823, dated the 7th February 1917 (Army Order 707 of 1917). Only those cases where the soldier has spent less than 3 months on field service will be submitted to the Commanders for decision. Unless a man has spent at least 3 months on field service, no disability pension is admissible, but if the Invaliding Officer certifies that the disability would not have occurred under the ordinary conditions during peace to such an extent as to necessitate the soldier being invalided from the service such a pension should be granted. For example prior to proceeding on field service a man may be suffering from some dormant disease which under ordinary conditions would never have appeared or would have prevented him from completing sufficient service for the rigours of field service, however, aggravate the disease to such an extent as to necessitate his being invalided from the service, in such a case a disability pension under the letter referred to would be admissible. In other cases, where the Invaliding Officer certifies that the disability would have occurred under the ordinary conditions, no disability pension would be admissible. Such a man should be discharged with the invalid gratuity or retiring pay they may have earned by length of service and in accordance with the provisions of paragraph 1044 A, Army Regulations, India Volume

215. Payment of advances and grants-in-aid to officers' and sergeants' messes of all Territorial units and Garrison battalions and of any units or formations, whether regular or temporary, which were not in existence in August 1914.

Army Department letter No. 11603 (M. W.-2), dated the 24th November 1914, as modified by that Department's letter No. 15788-1 (M. W.-1), dated the 29th August 1916, sanctioned the grant of certain concessions to Territorial units in India, and these concessions have been subsequently extended by the Government of India to various other units, formations, etc.

2: It has now been decided that the concessions referred to above shall be discontinued, and that the following revised system be introduced and made applicable to all Territorial units and Garrison battalions and to any other units or formations, whether regular or temporary, which were not in existence in August 1914.—

- (a) Payment of initial grants and advances in cash for the purchase of equipment and furniture for messes will be made, such grants and advances being in accordance with the sliding scale shown in the diagram printed as Appendix 26 to these Instructions. Both initial grants and advances may be given to officers' messes, but sergeants' messes will receive initial grants only.

- (b) The payment of the initial grants and advances in (a) above will be made only if the Commanding the Division or Independent Concerned, considers that the formation of messes is necessary and desirable for the units. General Officers Commanding may, however, at their discretion for the formation of combined messes which will be eligible for grants and advances.
- (c) The amounts of the advances shown in the table are maxima only, and may be drawn in the discretion of the Officer Commanding.
- (d) The advances will be repaid in 25 equal instalments, and will be deducted from the allowances admissible under paragraph 284, Army India, Volume I. The maximum of 10 pence per month will not be applied until the advances have been fully recovered.
- (e) Those units which have already received equipment in kind under Army Department letter (M W -2), dated the 24th November 1916, allowance in lieu of mess equipment under Department letter No 15783-1 (M W -1), dated August 1916, or a grant from the War Office for purchase of mess equipment, will not be eligible for a further initial grant under these orders, may, however, be allowed to draw the advances admissible under these orders.
- (f) Sergeants' messes which have received furniture in kind in accordance with that authorized in Table 44, Army Tables, Miscellaneous Services, will be allowed to retain such furniture as a free gift.
- (g) Officers' messes which have received furniture from the Military Works Services on hire will be allowed the option of taking it over at a valuation to the Standing Barrack Committee. If not taken over, the furniture will be withdrawn and returned to the Military Works Services.
- (h) Officers who have received furniture for their messes on hire from the Military Works Services under the orders contained in the Army Department letter quoted in paragraph 1 above will be given the option of taking it over at a valuation to be fixed by the Standing Barrack Committee.

Standing Barrack Committee If not taken over, it will be withdrawn and returned to the Military Works Services

- (i) If a unit leaves India, or a mess is abolished before the whole of the advance is repaid, Government will have a lien on the mess property purchased from the grant and advance to the extent of the unpaid portion of the advance
- (j) Claims for grants and advances will be submitted by units, supported by the necessary authority, to the Divisional Disbursing Officer concerned.
- (k) Units, and not the Military Works Services, will be responsible for the purchase and maintenance of furniture other than that authorised in Tables 44 and 45, Section IV, Army Tables, Miscellaneous Services, which will continue to be supplied and maintained by the Military Works Services.

8 Officers' messes which have been provided with billiard tables, etc., under the conditions laid down in Army Department letter No H S-413, dated the 12th February 1915, may be permitted to retain such tables, etc., under those conditions, but no new tables, etc., will be purchased by the Military Works Services in future.

3 : - " - - - - - giving initial grants to messes in the same way as other The advances should be in books of the Divisional

11 The amounts realized by the sale of the furniture referred to in clauses (g) and (h) of paragraph 2 above will be credited to the receipt head corresponding to the disbursement head against which the initial cost of purchasing the furniture in question was charged.

81. Commutation of the special Jangi Inam pension granted for distinguished service-rendered during the Great War, in the case of Indian ranks (or their heirs) whose homes are in Afghanistan.

81st Jan.
1922.

It has been decided that Indian officers and Indian other ranks, whose homes are in Afghanistan, shall be allowed to commute the special Jangi Inam pension, granted for two lives by the Government of India for distinguished service rendered during the Great War.

2 When an Indian officer or Indian other rank, on whose behalf the award was made, has died before receiving any portion of the reward, his nominated heir, who then becomes the first holder of the *Jangi Inam*, shall have the same option of commuting this special pension

3 When a recipient of the *Jangi Inam* elects for commutation, and has been paid a sum in respect thereof, the election cannot be revoked

4 Ordinarily the *Jangi Inam* pension is payable for two lives, but in cases where the 'first life' elects for commutation under the authority of this Instruction, no claim to any payment will subsequently be entertained on behalf of a 'second life'

■ For the purpose of this commutation, the capital value of the *Jangi Inam* special pension is fixed as follows —

	Rs.
In the case of an Indian officer	1200
In the case of an Indian other rank	600
In the case of a follower	300

6 Where the monthly payment of this special pension has already commenced, the total amount paid to the recipient of the *Jangi Inam* from the date on which the special war reward scheme became operative, i.e. the 1 September 1919 will be deducted from the amount authorized in the preceding paragraph when making the final settlement

7 Before a recipient of this special pension definitely elects for commutation, the terms on which he will be allowed to commute should be carefully explained to him

GOVERNMENT OF INDIA

ARMY DEPARTMENT

ARMY INSTRUCTIONS (INDIA).

Delhi the 14th February 1922

- 108 Adjustment of the period of unavoidable overstay of leave by military officers on leave in the United Kingdom, owing to shipping difficulties

The Government of India have decided with the approval of the Right Hon'ble the Secretary of State for India

- (i) that Army Instruction (India) No 257 of 1920 (cancelled with effect from the 18th February 1921—*Vide* Army Instruction (India) No 2 of 1921) shall have effect from the 9th October 1919
- (ii) that Army Instructions (India) Nos 257 and 63 of 1920 and No 289 of 1921 shall be applicable to military subordinates, and
- (iii) that the amount of privilege leave which can be taken in advance under Army Instruction (India) No 257 of 1920 must not exceed days

[$\frac{A \ 3325 \ (A \ G \ 11)}{B}$]

- 109 : Detention allowance to chaplains

In supersession of the previous orders on the subject it has been decided with the approval of the Right Hon'ble the Secretary of State for India that chaplains whether permanent or temporary of the British and Indian services as also clergymen not of those services who are temporarily appointed to military duty (including Indian clergymen appointed to minister to Indian Christian troops in Mesopotamia) shall, in any of the circumstances specified below

(i) service overseas;

(ii) when awaiting posting orders or embarkation, on arrival from the United Kingdom or from field service overseas;

(iii) when awaiting embarkation for duty on a hospital ship;

(iv) when, if appointed to transports for the round voyage from the United Kingdom to India and back, they are detained at Indian ports, or, having disembarked at Bombay, are sent to the British concentration camp at Deolali, or prefer, instead of proceeding to Deolali, to make their own arrangements.

2. Detention allowance at a similar rate will be granted to chaplains or other clergymen, as referred to above, who, when doing duty on a hospital ship, are detained at a port on the voyage and are unable to live on board because the ship is being docked, or undergoing repairs, etc.

3. Sanction is also accorded to the grant of detention allowance at Rs. 10 a day to chaplains or other clergymen who were appointed to transports for the round voyage from the United Kingdom to India and back and were obliged to live ashore at Bombay, at their own expense, pending re-embarkation, during the period 18th January 1919 to November 1920.

4. These orders are subject to the terms of the definition of "detention allowance" in the Indian Army Rules, India, Volume I, and to the effect that deputation allowance is not admissible if Government quarters or other accommodation, save as referred to in paragraph 1 (iv) above, cannot be provided during the period of detention.

As the precise effect of the introduction of the "skd-ing scale" of promotion authorised by Army Instruction (India) No 27 of 1921 is not understood of as, since of 1921, dates can be definitely laid down

Second Lieutenants whose commissions count for purposes of promotion from or before 31st August 1920 are

Those commissioned between 1st September 1917 and 31st August 1918 (both dates inclusive) are eligible after five years' service, those commissioned between 1st September 1918 and 31st August 1919 (both dates inclusive) are eligible after six years' service, those commissioned between 1st September 1919 and 31st August 1920 (both dates inclusive) after seven years, those commissioned between 1st September 1920 and 31st August 1921 (both dates inclusive) after eight years, and officers commissioned after 31st August 1921 must serve the normal period of nine years before becoming eligible for promotion

Captains whose commissions for purposes of promotion date from or before 31st August 1908 are eligible for promotion to the rank of Major after fifteen years' service, those commissioned between 1st September 1908 and 31st August 1910 (both dates inclusive) are eligible after sixteen years, those commissioned between 1st September 1910 and 31st August 1912 (both dates inclusive) after seventeen years, and those commissioned after 31st August 1912 will not become eligible until they complete the normal period of eighteen years' service.

The normal time scale period of twenty-six years' service required in order to qualify for promotion to Lieutenant-Colonel is not affected and has not been affected at any time

2 Nothing in this Instruction affects the right of officers who forfeited nine months' commissioned service on being selected for permanent commissions to the concession granted to them in paragraph 4 of Army Instruction (India) No. 870 of 1919, that is to say, they may be promoted *pari passu* with the officer next above them in the general gradation list of the Indian Army List who was granted his commission after passing through a Cadet College or who was a university candidate

3 Officers are permitted to count as "service" under these rules only such service as is allowed to reckon for promotion

4 Officers are again reminded that from and after 1st January 1922 no one will be considered eligible for promotion until he has passed the necessary examinations see India Army Order No 31 b of 1920

Secretary to the Government of India

APPENDIX TO ARMY INSTRUCTION (INDIA) No 119 of 1922

Government of India, Finance Department letter No 1190-C S R, dated the 6th December 1921, to Provincial Governments and Administrations

Method of calculating the leave allowances of military officers in permanent civil employ who were temporarily reverted to military duty during the war

It has been brought to the notice of the Government of India that the application of the rule prescribed in paragraph 1 of Mr Haig's letter No 1314 C S R dated the 31st July 1920 for calculating the leave allowances of military officers in permanent civil employ who were temporarily reverted to military duty during the war has in certain cases given lower rates of leave allowances to military officers whose military pay and allowances exceeded the hypothetical civil salary calculated according to the next below rule. It has been decided in modification of the orders referred to and in anticipation of the approval of the Secretary of State, that the calculation of leave allowances in such cases should be based on military pay and allowances actually drawn on military duty when these are more favourable than civil salary under the next below rule provided that only military pay and allowances are taken into account and civil furlough pay is not included in the calculation. The same concession is extended to the case of civil officers if any whose military pay and allowances exceeded civil salary under the next below rule in modification of the orders in paragraph 2 (i) of Mr Haig's letter No 127 C S R dated the 6th February 1922.

2 Audit officers will adjust the furlough pay of officers who have returned from leave in accordance with the decision and issue amended last pay certificates in the case of officers still on leave

I am directed to say that, with the approval of the Most Honourable the Secretary of State for India the Government of India have decided that when privilege leave is granted to a lady nurse of the Queen Alexandra's Military Nursing Service for India detailed for duty on homeward bound transports fitted with special hospital accommodation, such leave shall be reckoned from the date of disembarkation in England

2 I am to add that His Lordship has further decided that a lady nurse detailed for the duty referred to above shall be allowed full pay and a detention allowance (to be paid in England) from the date of arrival at the port of disembarkation until the date of re-embarkation at the rate of 10s a day (half rate only for first and last days) If the return of a lady nurse to India is delayed in consequence of her taking leave, she will not be entitled to detention allowance in respect of the period of delay She will, if she so desires be permitted to leave the port of disembarkation during the period of detention, but will not be allowed travelling expenses

138 Regulations for the commutation of wound, injury and disability pensions by officers of the Indian Army, Indian Medical Service, and Indian Army Reserve of Officers.

With the approval of the Right Hon ble the Secretary of State for India it has been decided that permanent wound injury and disability pensions may be commuted by retired officers of the Indian Army, Indian Medical Service, and Indian Army Reserve of Officers on the same terms as ordinary retiring* pensions, subject to any addition to age which the Examining Medical Board may recommend should be made in view of the disability, injury or wound

*Vide Army Instruc
tion (India) No 276 of
1921

■ In all cases of commutation, the amount of pension left uncommuted must be not less than £150 a year, except in cases where the total pension or pensions of an officer is less than £180 a year, in which case pension, not exceeding £80, may be commuted provided that not less than £120 a year remains uncommuted

8 Where an officer, who is still serving, applies to commute a wound pension he shall not be allowed to commute more than would be admissible under the foregoing paragraph the amount of pension (or invalid pension) being calculated at the rate admissible to his rank and length of service at the time of making application to commute

[$\frac{026901 (A G -10)}{C}$]

139. Educational Training Grant.

In modification of the orders contained in Army Instruction (India) No 446 of 1921, it has been decided that with effect from 1st April 1922, the educational training grant for British troops, sanctioned in that Instruction shall be reduced to Rs 1 per capita and that this grant shall be utilized entirely for the men.

2 In addition to the above officers commanding British army schools or detachment schools will for the present be allowed Rs 78 per annum for each child attending their schools, except the children of civilians. In the case of the latter, the fee of Rs 2 ■ per mensem, authorized under Appendix XV to the Handbook of instruction for British army schools will be increased to Rs 38 per mensem per child. Of this, a sum of Rs 1 per child per mensem will be retained by the officer commanding the school to meet the cost of materials, the balance being remitted to the Controller of Military Accounts as laid down in paragraphs 14 and 15 ibid.

3 The allowance referred to in paragraph 1 above will be drawn quarterly as directed in paragraph 3 of Army Instruction (India) No 446 of 1921. In the case of children proceeding to the hills, the sum of Rs 28 each will be drawn on the 1st April and remitted to the officer commanding the school at the hill depot. Officers commanding hill depot schools will not draw any allowance for the children but will receive it from the officer commanding the unit to which the children belong or from the school which they have attended. Any balance due on account of children proceeding to the hills will be adjusted on their return.

4 It has also been decided that, with effect from the financial year 1922-23 the following grants shall be made to the General Officers Commanding in Chief, Commands, and General Officers Commanding Burma District and Aden Brigade, to be expended in the best manner they think fit in improving the conditions in children's schools, where necessary —

	Rs.

144. Provision of Lewis and Hotchkiss guns for artillery units

Sanction is accorded to the issue of Lewis and Hotchkiss guns, complete with spare parts, tools, etc., to artillery units in India on the following scale —

Hotchkiss guns	2 per battery of Royal Horse Artillery
Lewis guns	2 per battery of Field Medium and Pack Artillery

2 Two sets of gun and one set of ammunition carrying equipment will be supplied to each pack battery. Other units will carry the guns on battery vehicles

3 The cost of the proposal is estimated at Rs 2,72,468 initial and Rs 29,055 annual recurring. As the existing stocks of Hotchkiss and Lewis guns are sufficient to provide for the equipment of batteries on the scale now sanctioned no extra initial expenditure is involved during the current financial year. Any recurring expenditure will be met from the grant for maintenance of ordnance equipment

146 Revised rules for the issue of blankets and durries (carpets) to troops and followers, etc

It has been decided that the following orders will govern the issue etc of personal blankets extra issue blankets, and durries (carpets) to British and Indian troops and followers —

1 The classes for whom an initial free issue of one personal blanket and one durrie is admissible and the conditions under which issues will be made are —

- | | |
|---|---|
| (i) British soldiers (except the Indian Medical Department) who are provided with free house or barrack accommodation (See Army Regulations, India Volume II paragraph 413) | On arrival or on enlistment in India |
| (ii) Wives and widows of above who are in receipt of free rations or money allowance in lieu | On arrival in India or on marriage |
| (iii) Schoolmistresses | On arrival or on first appointment in India |
| (iv) Military medical pupils | On admission to medical colleges |
| (v) Indian troops and public followers | On enrolment |

In the case of arrivals from overseas for whom an issue is authorised blankets will be issued at port of disembarkation and durries on arrival at destination

2 An initial issue of three blankets will be made to —

- (a) Officers of the British service who are granted commissions and posted to a British unit, whilst serving in India

- (b) Officers of the British service, granted commissions at Home, and posted to a British unit in India, who did not receive a free issue blanket before proceeding to India

3 Each child over six years of age, of a person entitled to free bedding, will receive two blankets (part worn, available) at port of disembarkation if proceeding to a station, or to a plains station north of the port of disembarkation. These will be withdrawn at destination.

Note—Every two children under six years of age and, if there be only one child, each single child under that age will, in similar circumstances, receive blankets as for a child over six years of age.

4 Extra issue blankets may, on the advice of the senior medical officer, be issued on the following scale—

- | | |
|---|---|
| (i) Persons entitled to free bedding | One or two, as recommended by the medical authorities |
| (ii) Children of persons referred to at (i) | Two per cot (in stations only) |

Such blankets will be issued and withdrawn under the authority of a station order. A third extra issue blanket may be issued with the sanction of the district command

be issued, at the station or port, or from a port, and a night on the journey, or at the port. The officer commanding unit at the point of departure will arrange with the ordnance officer at the port of embarkation for the withdrawal of these extra issue blankets, likewise the officer commanding at the port will inform the commanders at the stations to which the troops or families are proceeding of the number of extra issue blankets in their possession. The officer commanding units concerned will arrange for the withdrawal of the blankets on the receipt of the necessary particulars.

5 Personal blankets will be treated as public clothing and will be accounted for in the same manner as other articles of public clothing. Durries will be treated as public clothing in the case of British troops and as articles of necessaries in the case of Indian troops and follow. They will ordinarily remain in possession of the recipient until the latter leave India or become non-effective. Persons leaving India can purchase blankets at their part wo

ance of six ples per blanket or durrie so marked will be granted. The sewing on of a 11 inch patch of drill or canvas will be discontinued in the case of new issues or replacements.

Personal blankets at present marked with a patch will remain so marked until replacement becomes necessary.

8 Officers in charge of clothing depots will ensure that extra issue blankets are marked with the original year of issue and E A I above the year of issue. The marking will be in white paint with 2 inch figures and 3 inch letters.

In addition extra issue blankets will be marked regimentially by the sewing on of a 3 inch square patch of drill or canvas. The abbreviated name of the unit and the soldier's number will be stamped on these patches in marking ink.

Before blankets are returned to store the patches will be removed with a view to the blankets being used again the following year. An allowance of six ples will be allowed for each blanket so marked.

9 Extra issue blankets whilst on charge of units will be accounted for in the clothing ledger as public clothing. They should however form a distinct entry and not be accounted for with personal blankets.

The value of extra issue blankets lost, destroyed or irretrievably damaged will be recovered in a manner similar to that followed in the case of public clothing, the unexpired value, however, being assessed by the officer in charge clothing depot on which the unit is dependent.

10 At stations where there are Government disinfectors units will arrange for the disinfection of extra issue blankets before return to clothing depots. At places where a Government disinfecter does not exist but where it is possible to arrange for the process in a disinfecter not owned by Government it will be carried out under arrangements made by the chief ordnance officer. All extra issue blankets

whether disinfected or not will be washed under arrangements made by the chief ordnance officer

When infectious disease is present in the station in epidemic form, arrangements will be made regimentally for blankets to be boiled, unless there is a disinfectant in the station. The senior medical officer will inform the officer commanding station when he considers such a course necessary and the fact will be notified in station orders

11 The orders contained in Army Regulations India, Volume II, paragraphs 451 to 451 J [so far as blankets and durries are concerned] should be considered as cancelled

150. Storage accommodation for the kits of Indian reservists.

28th Feb.
1922.

It has been decided that storage accommodation, on the following scale, will be provided for the public clothing of Indian reservists of cavalry, pioneers and infantry at all training centres and in all cavalry lines:—

(i) Store, 12' high with floor area 115 square feet per 100 kits stored. Floor to be pucca. —

(ii) Racks 10' high in tiers.

2. Existing accommodation should be utilised as far as possible.

3. A type plan will be issued to all concerned in due course.

4. The expenditure, which is estimated at Rs. 1,58,482, is debitable to "50—Military Works." The accommodation referred to above will be provided gradually, as funds become available. The expenditure should not exceed such allotments of funds as may be made for the measure from time to time.

151. Cancellation of the Appendix published with Army Instruction (India) No. 43 of 1922, regarding the class composition of the Indian signal service.

28th Feb.
1922.

The Appendix published with Army Instruction (India) No. 43 of 1922 (pages 60 and 61), regarding the class composition of the Indian signal service is hereby cancelled.

152. Revised scale of practice ammunition for Lewis and Hotchkiss guns.

2

It has been decided that the light gun musketry course prescribed in Addendum No 6 to Musketry Regulations, Part I, 1909 (reprinted with amendments in 1914), shall be fired by the regular army and by the Auxiliary Force in India.

Consequent upon this decision, the scale of practice ammunition for Lewis and Hotchkiss guns will be as shown in the Appendix to this Instruction.

The revised scale, which will be adopted from the 1st April 1922, will, it is estimated, result in a saving of Rs 1,14,446 per annum

The Government of India have had under consideration suggestions for eliminating as far as possible pies in Government accounts. The only way to do this is to make payments only in even annas as far as possible. It is recognised that this will not be possible in all cases, *e.g.* payments on contingent accounts and to daily labour. The Government of India have, however, in consultation with the Auditor General, decided to make a beginning so far as the transactions of the Central Government are concerned by omitting pies from all salary, establishment, pension and travelling allowance bills.

2 All individual items in such bills whether they pertain to salaries, or allowances of any description, pensions, or travelling allowance, or represent deductions of some sort, will be calculated to the nearest anna (fractions below half an anna being omitted, and half an anna or over being reckoned as one anna), except as specified below—

- (a) In the case of salaries fixed by statute, the payment may be to the next higher anna.
- (b) In the case of pies occurring in life insurance premia under the Postal Life Insurance scheme, and in subscriptions to uncovenanted pension funds such as the Bengal and Madras Service Family Pension Fund, the Bombay and the Bengal Uncovenanted Service Family Pension Funds which are deducted from salary bills, the total sum for twelve months is bound to be an even sum of annas, and every subscriber should be asked to pay to the nearest anna eleven months in the year, the necessary adjustment being made in the last month, *e.g.*, a man who has to pay Rs. 3-5-7 per month may pay Rs. 3-6-0 per month for eleven months and Rs. 3-1-0 in the twelfth month.
- (c) As regards recoveries of amounts under objection, when all amounts of bills are calculated in annas, there cannot be any pies in objection.

books, except in the case of recoveries of advances in instalments. These instalments need not be exactly equal and the recovery should be fixed as to be always in annas, the last instalment being adjusted as necessary. e.g., a motor car advance of Rs 5,000 to be repaid in 36 instalments, should be recovered as follows: 35 instalments of Rs 138 14 0 and a last instalment of the balance Rs 139 6 0.

8 The new procedure will come into force from 1st April 1922 with regard to payments made directly by the Central Government and by Local Governments with regard to "agency" subjects.

It is notified for information that with effect from 1st April 1922 the existing system of obtaining Army India Army Forms from the Government Printing Contractors Calcutta on the basis of I A F Z 2001 I A F Z 2002 will be abolished. From the above Army and India Army Forms will be obtained only on countersigned indents submitted through the appropriate controlling officer in accordance with the rules which appended to this Instruction

2 It should be noted that in future no communication will be made direct by any Army Officer to the Controller for Government Printing Calcutta. All communications including indents will in future be addressed to the Superintendent Government Printing India, Hastings Street Calcutta to whom the functions of the Controller of Printing and Stationery under the new rules have been delegated

3 It will not be possible to fix a monetary scale for districts by the 1st April but all controlling officers

are enjoined to exercise the utmost economy, as a monetary allotment will be fixed in the course of the year

4 Forms of indent will be distributed to all consuming units, staffs and departments by the Superintendent Government Printing, India direct and no indent will be complied with unless submitted on the standard printed form

5 The rules as issued are provisional and may be subject to slight modifications. Any difficulties regarding the rules should be referred immediately to the controlling officer, viz., the Officer Commanding the District or, in the case of forms affecting Military Accounts Department the Controller, Military Accounts for the District, without delay. Controlling officers should report any difficulties to Mr F D Ascoli I C S, Officer on special duty Department of Industries, Simla

Under the new system an interval of 2 months will elapse between the original submission of the indent by units etc., and despatch of forms. During the months of April and May 1922, accordingly, issues will be made by the contractors under the existing system

- (i) *Extract from Government of India, Finance Department, letter No 3876 C S R, dated the 7th July 1911*

I am directed to acknowledge the receipt of your letter No Finl 873 I, dated 13th March 1911 in which * * * * it is suggested that the Local Government may be given full discretion to exempt an officer from the operation of Article 160 B (b) of the Civil Service Regulations, or that Article 151 may be amended so as to substitute exception (I) for the rule

* ■ In reply, I am to say that the Government of India have decided to accept the proposal of your Government in respect of Article 151, Civil Service Regulations, and to amend it in the manner indicated in the annexure to this letter. The amended rule will have effect from the 1st April 1911, and I am to explain that no re adjustment should be allowed in respect of increments which already run from the first of ■ month under the operation of the old rule. To take a specific case, an officer who joined the service on the 3rd of April, and who drew his last increment on the 1st May 1910, will, if the increments of his appointment are annual get his next increment only after he has put in twelve months' service qualifying for increment with effect from the 1st May 1910, and his subsequent increments will also be regulated on this basis

I—GENERAL INSTRUCTIONS

1 *Revision of list of forms I A F Z 2001*—The list of all forms used by the Army previously all contained in I A F Z 2001 has now been divided into 3 sections as follows.—

Regimental Section—Forms used by Combatant Units

In this section a maximum annual allowance for each form is laid down for each unit or arm of the Service

Staff Section—Forms used by Staffs, Services and Departments and forms which may be required occasionally by units

No maximum limit of annual supply of the forms in the Staff Section has yet been fixed but a maximum annual allowance will be laid down as soon as possible

For convenience of units those forms in the Staff Section which units may occasionally require are marked with an asterisk (thus *I A F Z 2034)

Special Section—Forms used exclusively by one Service or Department

This Section is not published as a whole the list of forms exclusively used by each Service or Department is printed as an appendix to the book of regulations which govern each Service or Department

The Regimental and Staff Sections are printed as one book and issued to all units Staffs and Heads of Services and Departments in each Command and District

2 No office except that of the Secretary, Army Department (or that of the Financial Adviser in the case of Class A forms), is allowed to communicate with the Controller of Printing and Stationery regarding alterations to forms reprint of forms or introduction of new forms. The Controller alone will communicate with Contractors

3 Whenever the stock of a form is reduced to a four months' supply, the Controller will inform the Army Department (Financial Adviser in case of Class A forms) of the fact and that if instructions for the revision or cancellation of the form are not received within one month the form will be reprinted as it stands. The Army Department will cause the form to be examined in the Branch

concerned which will then correct it up to date, or, if it is likely to become obsolete, suggest restriction of the number of copies printed off. On the result of the examination in the Branch, the Secretary, Army Department, or Financial Adviser, as the case may be will then give his instructions to the Controller.

4 The introduction of a new form will be initiated by the Branch concerned. The Branch will send the form with the suggested form number, section of the book concerned, maximum annual allowances and number of copies to be printed off to the Secretary, Army Department (through the Adjutant General's Branch if it is to be in the Regimental or Staff Sections). The Secretary will then send it to the Controller, who will criticise it as in paragraph 5 below. After agreement the Secretary, Army Department (or Financial Adviser in the case of Class A forms) will give final print orders.

5 The Controller of Printing and Stationery shall have authority to criticise the *format* of all new and existing forms and to suggest alterations in the size and quality of paper or material and in the style of setting up of the form. In the case of disagreement between the Army Department (or Financial Adviser in the case of Class A forms) and the Controller each case will be decided by the Department of Industries.

6 The introduction of New or Revised Forms should not be announced in Army Instructions (India) until the Controller has notified that they are ready for issue.

7 The Adjutant General's Branch will be responsible to the Army Department for the general control of I A F Z 2001 (Regimental and Staff Sections) while each Branch of Army Headquarters will maintain similar control over the forms used exclusively by the Services or Departments in the Branch.

8 All alterations to forms, cancellation of forms, introduction and issues of new forms will be notified in Army Instructions (India) and a list of all alterations to I A F Z 2001 (Regimental and Staff Sections) or to the Appendices of the several regulations in which such lists of departmental forms occur will be published in the Quarterly Appendices to India Army Orders. All officers concerned must keep their copies corrected quarterly accordingly.

9 The procedure for the notification of a correction of I A F Z 2001 will be the same as for that of a correction to Army Regulations India Volume II : i.e. the Branch

10 The procedure for correction, etc., of lists of
in the Special Section which appear as Appendices to
Departmental Regulations will be the same as for any of
correction to those regulations, viz., an insertion in A
Instructions (India) followed by an entry in that Section
the Quarterly Appendix to India Army Orders by which
the book of regulations concerned is corrected

III.—GENERAL RULES FOR INDENTING AND RECEIPT OF FORMS.

NOTE A—Allahabad Brigade Area is treated as a District throughout these Instructions.

NOTE B—Branches of Army Headquarters and Command Headquarters will indent direct on the Controller of Printing

Copies of the revised indent forms will be separately

3 *Annual indents*—Units staffs and heads of services and departments will submit an indent to cover their annual requirements of all forms to the District Head quarters on the date specified in paragraph 1. Each indent must be signed by the Officer Commanding Unit or District Head of Department or his staff officer who will be responsible that the indent complies with these instructions and has been drawn up with due regard to economy

In order to control expenditure the column showing stock in hand must be carefully checked by a British Officer and the number shown in the column for quantity must not in the case of Regimental Section forms exceed the difference between the maximum annual allowance the number in hand, in the case of forms in the Staff Special Sections for which no maxima have yet been down the numbers required must not exceed the difference between the past year's consumption and the numbers in hand. Any divergence must be explained in the Remarks Column of I A F Z 2002

All indents will be checked completed and counter signed in the District Staff Office, and one copy will be despatched together with the annual indent for District Headquarters to the Controller of Printing and Stationery Calcutta on the date specified in paragraph 1

4 *Supplementary indents*—All indents other than annual indents are classed as supplementary indents and cover—

- (a) Forms required in excess of those indented for in the annual indents
- (b) Staff Section forms not ordinarily supplied to units
- (c) Field Service forms
- (d) Forms supplied to units etc, leaving India

Such indents will be submitted on I A F Z 2002 a necessity arises through District Headquarters in accordance with paragraph 3 of these instructions. Such indent must be very closely examined before countersignature of District Headquarters.

5 *Emergent requirements* —In order to meet emergent or unusual requirements a small pool of forms not ordinarily issued to units etc. will be kept at each District Headquarters vide Section IV, Rule 8.

6 *Monetary limit for each District* —In order to enforce economy in forms throughout the Army and to ensure efficient control by District Staffs on indents a monetary limit has been fixed for each District against which all forms issued to that District will be debited. The Controller will cease to comply with indents when the limit is reached unless and until a further monetary allotment has been sanctioned by the Government of India. Application for an extra grant must be submitted by the District Commander to the Secretary, Army Department, direct, giving full reasons for the excess. General Officers Commanding Districts will be kept informed by the Controller of the amount of their monetary allotment and the balance in hand after each issue. The balance can be checked with the issues by means of the Price List which each District Headquarters will receive. Deficiencies in complying with indents are provided for in paragraph 9.

A similar monetary limit will be fixed for all the Military Accounts offices in each District. This will be quite separate from the District Commander's monetary limit. In respect of the monetary limit of Military Accounts Department offices the Controller of Military Accounts will exercise the functions of a District Commander.

7 *Forms stocks to be left behind on transfer* —Units moving in relief or leaving India must hand over their stock of forms to the relieving unit as Station Stores, the receipt of the forms being duly reported to District Headquarters by the new unit on arrival.

8 *Method of marking packages and their despatch* —The District Staff Officer will endorse on every annual indent a list of units in the District (as shown in the serial number of the unit) and will furnish the Controller with a list in duplicate showing the authorised list of units and other indenting offices by stations and their serial numbers as below, so that each

Serial No	Station	Name of Indenting Office	Remarks
1	Rawalpindi	District Staff Office	
2	Do	Assistant Director of Medical Services District	
3	Do	Assistant Director of Supplies and Transport District	
4	Do	Commanding Royal Engineer, District, etc	
9	Do	British Infantry in Connaught Barracks	
10	Do	British Infantry in West Ridge Barracks.	
11	Do	Indian Infantry in Napier Lines	
12	Do	Indian Infantry in Outram Lines etc.	
24	Jhelum	Brigade Staff Office	
25	Do	Indian Infantry in King's Lines	
26	Do	Indian Infantry in Queen's Lines	
27	Do	Indian Infantry in Prince's Lines etc. etc.	
31	Attock	Station Staff Office etc. etc	

N B —Controllers of Military Accounts will use the same letters but will ensure that the numbers they use are higher than those used by the District Staff to avoid confusion

On receipt of the annual indent from each District the Controller will issue on the prescribed dates the forms specified on each indent packed up separately by units staffs departmental offices etc with their indents in one complete set of parcels for each indenting officer each parcel of each set to be marked with the index letter and number

9 Receipt and deficiency list—On receipt the packages will be checked against the indents and lists made of

ledged and one copy to District Headquarters the Controller will despatch the balances when available direct to the stations concerned in the same manner The list of deficiencies must accordingly be carefully recorded and all further receipts treated and reported exactly as the main issue

10 Communications regarding forms—No military official except District Headquarters or C M A is authorised to address the Controller of Stationery and Printing direct except in acknowledging the receipt of forms in I A F Z 2002 and no communication whatsoever shall be made to any contractor who prints India Army Forms except through the Army Department and the Controller of Stationery and Printing

IV—METHOD OF OBTAINING FORMS WHICH ARE NOT ALLOTTED TO UNITS AND PROCEDURE FOR UNITS WHICH HAVE NO ALLOTMENT

1 Units having transport attached will receive the special forms for transport which they require either from the Corps from which this transport is detached or from the Assistant Director Supplies and Transport of the District

2 Armoured Car units will similarly obtain the special Mechanical Transport forms which they require

3 When a unit requires a few copies of a form not in its stock it may obtain them from the District Headquarters pool without the submission of a supplementary indent If such form (e g a Veterinary Form) is not stocked in the pool the District Staff will arrange to supply it either from the Assistant Director of the service concerned or by supplementary indent on the Controller

above or by transfer from an outgoing unit the small number of forms necessary to replace deterioration etc will be obtained as in paragraph 3 above

5 No maximum annual allowance has been laid for certain combatant units *e g* Auxiliary Force units Bodyguards Aden Troop etc and establishments such Fort Armaments Depôts Schools of Instruction will indent 'as required' annually through the quarters of the District in which they are situated on dates and in the manner laid down for units in the Rules (III)

6 Departmental units *e g* Army Hospital C Mule Corps Mechanical Transport Companies etc will indent through the head of their Service or Department the District *e g* Assistant Director Medical C Assistant Director Supplies and Transport

7 Each Head of Service or Department will submit consolidated indent for all offices and units serving his command in the District to the Officer of the District Staff (Deputy Assistant Adjutant General) who controls indents for forms and the District monetary. This officer will deal with them in the same manner Indents for Combatant Units are dealt with *vide* G Rules (III 3)

V — SUBSIDIARY INSTRUCTIONS REGARDING MAXIMUM ALLOWANCES TO UNITS

1 The District Commander or C M A is empowered to decide all cases of demands exceeding the prescribed limits subject to his monetary allotment

He will only refer to Command Headquarters general questions involving material alterations to these rules or to the scales of maximum annual allowances

2 Where one portion of a Unit (*e g* Artillery Brigade or Corps of Sappers and Miners) is stationed in one District and other portions in other Districts the Officer Commanding the Unit (Lieutenant Colonel R A or Commandant Sappers and Miners) will alone indent for all the forms

required for his command, through the Headquarters of the District in which his own headquarters are situated. He will distribute the forms to all the units under his command and will similarly deal with all supplementary requirements.

3 Special remarks regarding certain columns of I A F Z 2001, Regimental Section—

Column 1.—The scales in column 1 are for an Artillery Brigade with a normal establishment of Headquarters and 4 batteries. The maximum annual allowance of a Royal Horse Artillery Brigade which has 5 batteries and 5 ammunition columns will be 50 per cent above this scale, while those of Royal Field Artillery Brigades which have a Brigade Ammunition Column will be one fifth extra and so on proportionately.

Column 2.—The maximum annual allowance of the Frontier Garrison Artillery will be half that laid down in Column 2 for a Pack Artillery Brigade.

Column 3.—The maximum annual allowance of the Royal Garrison Artillery Rangoon will be half that laid down in column 3 for the Royal Garrison Artillery, Bombay.

Column 4.—The maximum annual allowance of unbrigaded batteries of Artillery will be a quarter of that laid down in column 1 or 2 for the Brigade of the Branch to which they belong.

NB.—All through the rules the word "Controller" refers to the Controller of Printing and Stationery, while the abbreviation "C M A." denotes the Controller of Military Accounts.

Secretary to the Government of India

APPENDIX TO ARMY INSTRUCTION (INDIA) No. 172 OF 1922

Home Department Resolution No. 1099, dated the 8th August 1919,

The Governor General in Council has had under consideration the question of granting concessions in the matter of securing civil appointments under Government to those persons who have rendered service in connection with the prosecution of the war. With the approval of the Secretary of State, His Excellency in Council is pleased to make the following announcements —

Firstly, no person shall be in any way prejudiced either in securing a civil appointment or in respect of seniority in such appointment by the fact that he has rendered service in the prosecution of the war or by the fact that his entry into civil employment has been delayed by such service,

Secondly, applications from persons who have rendered such service shall *ceteris paribus* receive preferential treatment in the matter of civil appointments under Government

■ The following kinds of service shall be deemed to be service in the prosecution of the war —

- (a) Service in the combatant ranks of the army,
- (b) All other service involving subjection to military law under the Army Act, or the India Army Act, and service in the Indian Branch of the Indian Defence Force,
- (c) Clerical and other service under military and munitions authorities (i) overseas, and (ii) in India

Preferential treatment shall be given to the various kinds of service in the order indicated above and persons who have rendered active service shall be given preference over those who have not. In order to make good a claim to preferential treatment, an applicant must satisfy the authority making the appointment that the service rendered was whole time service, and was also approved service

period from the time when he was invalided up to the on which the war may be declared to have ended under provisions of the Termination of the Present (Definition) Act, 1918, 8 and 9 George V, Chapter 59

4 Notwithstanding any rules or executive orders prescribing educational, professional or technical any person who has rendered service of the nature already described and has been prevented thereby from such qualifications may, at the discretion of the competent to make an appointment for which such qualifications are required, be admitted, to such provided that the educational professional and attainments which he possesses are deemed sufficient the adequate performance of the duties of the appointment

5 The principles herein laid down are subject to the following general reservations, which local Governments, and, under their instructions, officers subordinate to them will apply at their discretion —

- (a) The application of these principles must be consistent with the public interest
- (b) There must be no injustice to the claims of persons already in Government service who had no opportunity of rendering military service
- (c) No person may be appointed to a post the duties of which he is not competent to perform

The principles are also subject to such other reservations as any local Government, or in the case of posts under themselves the Government of India may deem proper to adopt

■ The Governor General in Council is also authorized to announce that the question of the application of similar principles to the services recruited in England is under the consideration of the Secretary of State

Home Department Resolution No. 2165, dated the 15th September 1921.

In the Home Department Resolution, No 1099, dated the 8th August 1919, certain concessions were granted in the matter of securing civil employment under Government to those who had rendered service in connection with the prosecution of the war. Since then, the Governor General in Council has had under consideration the question of granting concessions in respect of pensions to such persons as have rendered military service during the war, are employed in a civil department of Government and are not eligible for the concessions recently sanctioned for the candidates for various Imperial services and Departments who rendered service with His Majesty's forces during the war.

■ Any military service rendered with permanent units, which is pensionable under military rules but which terminates before a pension has been earned in respect of it, can be allowed to count, when followed by service qualifying for civil pension, as part of such service under the orders contained in the Secretary of State's despatch No 12 Financial, dated the 3rd February 1921, but service with temporary units, as also service rendered in the British army elsewhere than in India, does not count. In order to meet cases of this kind, His Excellency in Council, with the approval of the Secretary of State in Council, is pleased to announce that civil employees who prior to their civil employment, have rendered satisfactory paid military service in the Great War, which does not ordinarily qualify for a service pension under military rules, shall be allowed to count such military service for the purpose of civil pension, subject to the following general principles being observed —

- (1) Completed years of military service shall be allowed to count up to a maximum of four years.
- (2) In the case of services in which a minimum age is fixed for recruitment, no military service rendered below that age shall be allowed to count for pension.
- (3) The addition of war service shall not be included in total service under Article 403 of the Civil Service Regulations for the purpose of less counting as service for pension, nor allowed in addition to the concession in Article 403 404 A Civil Service Regulations, but a

- (5) British and Indian military service shall be allowed to count alike for pension and contribution towards or share of a pension earned as a result of this concession shall be claimed from the Home Government
- (6) No refund of military bonus or gratuity shall be demanded from the employee

197. Institution of a departmental colloquial test in Hindustani for officers of the Royal Army Service Corps serving with the Supply and Transport Corps.

With the approval of the Right Hon'ble the Secretary of State for India, it has been decided that all regular officers of the Royal Army Service Corps serving with the Supply and Transport Corps, including the Mechanical Transport shall be required to pass a departmental colloquial examination in Hindustani.

2 Candidates will be required to possess a knowledge of Hindustani sufficient to enable them to converse on ordinary matters, to give simple instructions in the work performed by the men of their unit, and to carry out the work of an officer in an Indian unit, such as receiving simple complaints and petitions and disposing of military offences.

3 Officers of the Royal Army Service Corps who were serving in India on 1st October 1921 shall be required to pass this examination within six months from the date of this Instruction.

4. Officers of the Royal Army Service Corps who were not serving in India on 1st October 1921 shall be required to pass this examination within one year from the date of assuming duty with a unit in India.

5 Should an officer fail to pass within the period prescribed in paragraphs 3 and 4 above, he will cease to draw staff pay, under Army Instruction (India) No 919 of 1919, on the expiration of that period and will receive pay as an officer of the British service under Army Instruction (India) No 914 of 1919. Should he subsequently succeed in passing he will from that date, be paid at the rate of pay authorized in Army Instruction (India) No 919 of 1919, including the staff pay.

6 Officers who have passed the Higher or Lower Standard examination in Hindustani will not be required to pass the colloquial examination.

In view of the suspension of retirements during the war and in order to safeguard the pay and prospects of officers of the Indian Medical Service, it was decided that selected Lieutenant Colonels retained in the service should be treated as supernumerary, promotions being made in their place as shown below —

Classes of selected Lieutenant Colonels	Date from which promotion was made
Officers retained after the age of 55 or 30 years service	On completing 55 years of age or 30 years service whichever was later
Officers granted extra pensions under Army Regulations, India Volume I, paragraph 734 (now expunged)	From the 1st April following the year to which the pension related or on completing the age of 55 if the latter occurred earlier and within that year

The decision ceased to be operative with effect from the 1st July 1920 under the provisions of Army Instruction (India) No 253 of that year. In view, however, of the continued shortage in the strength of the Indian Medical Service and the unsatisfactory state of recruitment, it has now been decided with the Right Hon'ble the Secretary of State's approval that, with effect from the 1st April 1919 and for so long as any officers of the Indian Medical Service who have passed the age for compulsory retirement are retained in the service selected Lieutenant Colonels who are retained after completing

as per the list of selected Lieutenant after the date of the Warrant Those Lieutenant who were already on the selected list on or before that retain the right of remaining in the service to complete 30 years' service, although under the new scale of they qualify for the maximum pension after 27 service

3 In no case should an officer be retained beyond the for compulsory retirement unless he is reported to be in respects fit for the satisfactory discharge of the duties of appointment

211 211. Scale of clothing and necessities for men
for Boat and Launch Section of the Indian
Artillery.
21st Mar.
1922.

With reference to paragraph 2 of Army (India) No 528 of 1921, it has been decided that in the scale of clothing and necessities for men recruited to the special Boat and Launch Section of the Indian Artillery will be the same as that authorised for men in the Royal Garrison Artillery Defences, Bombay

■ On enlistment they will accordingly receive a free initial issue of the articles authorised in Table V, Clothing will commence 10 7 a quarter to the memoandum regarding clothing accounts of Indian troops and followers published as an Appendix to Army Instruction (India) No 70 of 1922, from the fourth quarter day following enlistment. These accounts will be No 46 S

3 Sanction is also hereby accorded to the issue to the men of a black band for the cap bearing the inscription "Indian Coast Artillery" in gold. This article will be arranged for regimentally, and the cost, up to a limit of 10 annas 6 pies per man, per year, will be recovered from Government on a contingent bill.

212. Provision of typewriters for Auxiliary Force units.

Sanction is accorded to the provision of typewriters for Auxiliary Force units, subject to the following conditions —

- (i) Certain units have inherited from the Volunteer Force or the Indian Defence Force, typewriters which were purchased from capitation funds. These typewriters have now become Government property and are borne on unit charge, and may therefore be considered as authorised, in so far as replacement is concerned to the extent of one typewriter per unit except as provided for in paragraph (iii) of this Instruction.
- (ii) In stations where two or more units of different arms have been combined for administrative purposes under one command, the issue or replacement will be restricted to one typewriter for the headquarters office.
- (iii) Units spread over a large area, with separate detachment headquarters, may be allowed additional typewriters at the discretion of the General Officer Commanding the District.
- (iv) The cost of new or replaced typewriters will be a charge against the contingent grant of the unit concerned. Every effort should, therefore, be made to limit the number of machines to the minimum consistent with efficiency.
- (v) All requisitions for typewriters or replacements should be submitted to the General Officer Commanding the District for transmission if approved, to the Controller of Printing, Stationery and Stamps, Calcutta.

214 **214. Contingent expenditure in supply depôts and supp. depôt companies of the Supply and Corps.**

1st Mar.
1922.

Officers commanding supply depôts and supply depôt companies are authorised to incur contingent expenditure in the public service within the limit of their respective budget allotments and subject to the following conditions

2. Instructions defining the nature of the contingent charges that may be incurred without previous sanction will be issued by the Quartermaster General in India in consultation with his Deputy Financial Adviser.

8. Contingent expenditure of an authorised character will be admitted finally in audit on the signature of the officer incurring the expenditure up to the following monthly amounts—

	Rs.
Officer Commanding Supply Depôt	20
Officer Commanding Supply Depôt Company	200

4 If necessary, expenditure may be incurred and paid provisionally in excess of these limits (subject, however, to the limits of the budget grant), but such expenditure will require to be ratified by the countersignature of the General Officer Commanding District, or the General Officer Commanding-in-Chief of the Command, to whom a monthly return in the prescribed form (see below) should be sent. The General Officer Commanding District and the General Officer Commanding-in-Chief have power, in

consultation with the Controller concerned to authorise such expenditure up to the monthly limits noted below —

	Rs
General Officer Commanding District	5 000
General Officer Commanding in Chief	15 000

If the expenditure in any one depot for any one month exceeds Rs 15 000 or exceeds the allotment of the unit concerned the General Officer Commanding in Chief will refer the matter to the Government of India for orders

2 Contingent bills will be signed by the supply depot or depot company commander as the case may be and where the countersignature of higher financial authority is required they will be submitted through the audit officer to the General Officer Commanding District for such further action as may be necessary together with vouchers for all items of expenditure exceeding Rs 25 and a certificate in the following form —

I certify that the expenditure charged in this bill could not with due regard to the interests of the public service be avoided. I have satisfied myself that the charges entered in this bill have been really paid. Vouchers for all items of expenditure above Rs 25 in amount and all work bills are attached to the bill. I have as far as possible obtained vouchers for other sums and I am responsible that they have been destroyed or so defaced or mutilated that they cannot be used.

6 Countersigning officers will satisfy themselves that the charges made in a contingent bill are of obvious necessity and are at fair and reasonable rates that previous sanction for any item requiring it is attached that the requisite vouchers are all received and in order that the calculations are correct and particularly that the expenditure does not exceed and at the current rate of progress is not likely to exceed the annual grant of the particular depot or depot company concerned. If in any month the monthly proportion of the budget allotment has been exceeded a short explanation of the special circumstances which rendered the excess necessary must be submitted along with the contingent bill.

7 In war time or when for other special reasons supply depot companies are administered directly by Army Headquarters the powers of sanction of contingent expenditure of the General Officer Commanding a District and General Officer Commanding in Chief will be exercised by the Deputy Director of Stocks and Quartermaster

1922**215 Procedure for dealing with losses in supply of the Supply and Transport Corps**

When any stores are lost, destroyed, found to be deficient through wastage or otherwise or damaged by, or otherwise the storekeeper concerned is to be personally responsible that an immediate report is made to the officer commanding the supply depot. The latter will take immediate steps to investigate the cause of the loss, the amount involved and the circumstances of the case. He will if necessary forthwith report the circumstances to the officer commanding station requesting that a board of officers be assembled for the purpose of establishing the facts. The officer commanding station will determine whether a board of officers is necessary or not at this time.

2. If the investigation of the officer commanding station shows that the loss is not due to theft, fraud or culpable neglect, the following procedure will be followed —

- (a) Losses of stores of Rs 20 and under in value will be disposed of by the supply depot commander.
- (b) Losses of stores of Rs 200 and under in value will be disposed of by the supply depot company commander.
- (c) Losses of stores exceeding Rs 200 in value will after investigation be reported by the supply depot company commander through the audit officer to the General Officer Commanding District who will dispose of losses exceeding Rs 5 000 in value consulting the Controller concerned.
- (d) Losses of stores exceeding Rs 5 000 reported above to the General Officer Commanding District will be submitted to the General Officer Commanding in Chief of the Command.

concerned. If the amount does not exceed Rs 15 000 in value it may be disposed of by the General Officer Commanding in Chief after consulting the Controller concerned. If, however the amount exceeds Rs 15 000 the General Officer Commanding in Chief will report the case for the orders of the Government of India.

3. The authorities specified above as competent to deal finally with losses are also the authorities responsible for enforcing any disciplinary measures that may be necessary. Any such authority may require the person or persons responsible to make good any loss in whole or part which is within the financial powers of that authority to deal with finally and when submitting cases for the sanction of higher financial authority will express his opinion as to whether any person or persons should be required to make good the loss.

4. If the investigation mentioned in paragraph 2 above shows that the loss was due to theft, fraud or culpable neglect the case will invariably be reported with a complete statement showing the amount involved, the circumstances connected with the loss and the person or persons responsible through the above defined channel to the General Officer Commanding in Chief. If the amount found irrecoverable exceeds Rs 5 000 always

provided that where a question arises of taking disciplinary action the write off of such amounts as may be irrecoverable will be provisionally admitted in the accounts of the unit concerned and will not be passed finally in audit until it is known whether or not any recoveries as the result of disciplinary action are to be made. If the amount found irrecoverable exceeds Rs 11 000 the sanction of the Government of India is necessary before it can be finally passed in audit.

5. In every case of loss the value of the loss must be certified by the audit officer concerned who will also state whether in his opinion any breach of audit rule has contributed to the loss.

6. In war time or when for other special reasons supply depôts are administered directly by Army Headquarters the financial powers of General Officers Commanding Districts and General Officers Commanding in Chief will be exercised by the Deputy Director of Stocks and Quartermaster

1922.

Revised quarterly rates of clothing for British troops are published as statement "A" Appendix to this Instruction. The revised rates take effect from the 1st April 1922.

2 It has been decided that, from the date from the revised clothing allowances take effect, recovery for articles of clothing and necessaries issued on will be in accordance with the "Priced Clothing and Necessaries (India)" referred to in Instruction (India) No 952 of 1920.

3 A list of articles of public clothing and their period of wear is published as statement "B" of the Appendix to this Instruction. The monthly rates of depreciation for these articles to be adopted for the purpose of recovering on account of losses, etc., will be arrived at by dividing nine-tenths of the full rate by the months included in the full life.

4 The following amendments are made to the Appendix regarding the clothing accounts of British troops published as an Appendix to Army Instruction No 625 of 1921 —

Paragraph 4 is reconstructed as follows —

"4 Articles of public clothing will be included for in sections I, II, III and IV of the clothing equipment ledger (I A F C -863). Recoveries on account of articles lost or damaged will be arrived at by taking the value of the article less the monthly depreciation for the period the article was in use. The worn out value is in any case the minimum charge to be made for an article lost or destroyed. If the life of an article is shortened or if the article is damaged due to culpable neglect on the part of the wearer, an appropriate recovery will be made on the above principles."

Paragraph 5 is reconstructed as follows —

"5 Recovery rates for articles of clothing and necessaries issued on payment are given down in the 'Priced Vocabulary of Clothing and Necessaries (India)'. The rates

making and altering clothing issued free to British regimental soldiers and also for altering personal clothing when the cost is chargeable to the State will be fixed in Army Instructions (India). Men enlisted on or after 1st January 1920 who were supplied with part-worn clothing may be permitted, when such articles become unserviceable to replace them by new ones at half the cost of the new articles."

Statements 'A', 'B', and 'C' and also statement 'D', as amended by Army Instruction (India) No 951 of 1921, are cancelled.

5 Statement 'A' of the Appendix to this Instruction replaces statement 'D' of the memorandum referred to in paragraph 4 above and should be substituted in all cases where the latter is referred to in the memorandum.

Revised rates of clothing allowances for the Royal Air Force will be published in Royal Air Force Instruction (India) in due course.

291. Revised rates of consolidated clothing and kit allowances for Indian troops and followers.

Revised quarterly rates of clothing allowances for Indian troops and followers are published as statement ' A ' in the Appendix to this Instruction. The revised rates take effect from the 1st April 1922

2 It has been decided that, from the date from which the revised clothing allowances take effect, the rates for articles of clothing and necessaries issued on account will be in accordance with the " Priced Vocabulary of Clothing and Necessaries (India) " referred to in Army Instruction (India) No 952 of 1920

3 A list of articles of public clothing and their period of wear is published as statement " B " of the Appendix to this Instruction. The monthly rates of depreciation of these articles to be adopted for the purpose of effecting penal recoveries on account of losses, etc., will be as

4. The following amendments are made to the "Memorandum regarding the clothing accounts of Indian and followers" published as an Appendix to Army Instruction (India) No. 70 of 1922.

Paragraph 4 is reconstructed as follows:—

"4. Articles of public clothing will be provided in sections I, II, III and IV of the equipment ledger (I. A. F. C.-863-B). Recoveries on account of articles lost or destroyed will be assessed at the original value of the article less the monthly rate of depreciation for the period the article was in use. The worn-out value is in any case the minimum charge to be made for an article lost or destroyed. If the life of an article is shortened, or if the article is damaged, due to culpable neglect on the part of the holder, an appropriate recovery will be made on the above principles."

Paragraph 8 is reconstructed as follows:—

"8. Recovery rates for articles of clothing and accessories issued on payment are laid down in the "Priced Vocabulary of Clothing and Accessories (India)." The rates for making and altering clothing issued free to Indian and followers and also for altering clothing when the cost is chargeable to the State will be fixed in Army Instruction (India). Men enlisted on or after the 1st April 1920, who were supplied with public clothing, may be permitted, when such clothing becomes unserviceable, to replace them by new ones at half the cost of the new articles."

Statements 'A,' 'B,' and 'C,' and also statement 'D' as amended by Army Instruction (India) No. 186 of 1922, are cancelled.

5. Statement 'A' of the Appendix to this Instruction replaces statement 'B' of the memorandum referred to in paragraph 4 above and should be substituted in all cases where the latter is referred to in the memorandum.

292. Grant of a money allowance to Indian recipients of a bar to the Military Cross.

With the approval of the Right Hon'ble the Secretary of State for India, the Government of India have decided that, with effect from the 7th January 1922, Indian officers and warrant officers who are recipients of the Military Cross shall be granted an additional allowance at the following rates for each bar subsequently awarded:—

	Rs. per annum.
Indian officers, including senior sub-assistant surgeons and senior veterinary assistants, 1st or 2nd class, and sub assistant surgeons ranking as Indian officers	120
Sub-assistant surgeons and veterinary assistants, 1st, 2nd or 3rd class, ranking as warrant officers	60

2. The regulations will be amended in due course.

APPENDIX C TO ARMY INSTRUCTION (INDIA)

No 307 of 1922

1 The Indian Army Educational Corps shall be deemed to be a corps for the purpose of the Indian Army Act, and will be administered as a departmental corps by the Chief of the General Staff, through the Director of Military Training

2 All ranks of the Indian army or administrative services are eligible for admission to the corps provided there are vacancies in their particular class. In addition, regimental schoolmasters (English and vernacular) are also eligible. Pensioners and demobilized soldiers may also be admitted. Civilians are also eligible for admission under the conditions laid down in paragraph 3 (b). The condition of permanent appointment to the corps is that the candidate must satisfactorily pass through the first three months of a course at the Indian Army School of Education, Belgaum. No permanent enrolment in the Corps will be permitted unless this condition is fulfilled.

3 (a) An Indian officer or an enlisted Indian other rank will be transferred to the Indian Army Educational Corps after completion of three months' training at the Indian Army School of Education provided he is reported as fit and suitable by the commandant of the school. He will then re-engage to complete ten years' colour service, or, if he has more than five years' service, for five years in the corps.

Those Indian officers or Indian other ranks who are reported as unfit or inefficient will be reverted to their units. On first transfer to the Indian Army Educational Corps and while students at the school, all Indian men will draw the pay of a private, or of a sepoy, or of a hawldar, Indian, as the case may be. Their pay is higher than that of the Indian Army Educational Corps pay. When they are appointed to a unit

(b) As an experimental measure, the enlistment is sanctioned of ten specially selected young men of good family and education from among the fighting classes with a view to their eventually joining the Indian Army Educational Corps.

These men will be enlisted within the authorised establishment of Indian infantry units where they will remain

appointment to the Indian Army Educational Corps with the unit they will receive the ordinary pay etc sepoy. Those recommended will be transferred as promotion to the above corps and given the acting rank the pay of havildar. On completion of a three month course at the Indian Army School of Education candidates will be confirmed as havildars in the Corps will be eligible for subsequent promotion to higher according to their qualifications. All applications civilians should be submitted to the headquarters of command in which they are residing.

4 An Indian officer may be permitted to retire on sion under the same conditions as those pertaining to Indian officers of the Indian Army. He shall however be to be compulsorily retired at the age of 45 or on completion of 26 years service.

Other ranks in the Indian Army Educational Corps ordinarily be discharged after 21 years service but sion to continue in the service beyond 21 years may given on the recommendation of the Director of Training.

‡ Sanctioned in Army Department letter No 6697 (G S, M T 2), dated 24th June 1921

I am directed to forward herewith a copy of Army Department letter No 6697 (G S—M T 2) dated the March 1921, which conveys sanction to the immediate induction provisionally of the British officer staffs to with educational training at the headquarters of and Army Schools of Education India

2 Details of the staffs with rates of pay and staff pay shown in the statements annexed to the Army letter

3 The postings of officers to fill the various posts will be notified as soon as suitable officers are available. It should be noted that three of the posts have already been filled, viz, Inspectors of Educational Training, Northern, Eastern and Western Commands. Notification of several other postings will follow this letter.

4 Pending the promulgation of final orders with reference to educational training staffs, and the issue of educational training regulations which will be embodied in Educational Training Part II the following instructions in detail, as regards the duties in connection with the appointments should be adhered to —

- (i) *General Staff Officers, 3rd Grade (Education)*
One G S O 3 (Education) will be appointed to each Command and he will be responsible to the General Officer Commanding in Chief for advice in organising educational staffs within the Command. He will deal with all educational matters.

He will dispose of all questions connected with the posting of personnel unless they refer to matters of policy. Such questions will be referred to this office.

- (ii) *Inspectors of Educational Training* — See Army Instruction (India) No 261 of 1921 which governs the appointments.

* These appointments have been abolished with effect from the March 1922.

details of these appointments. As the Inspectorates by Commands will overlap the old system of Circle Inspectorates a certain amount of interchanging of office files correspondence etc will be involved. Inspectors of Educational Training should therefore make arrangements with the present Inspectors of Army Schools either by correspondence or personal interview to effect the necessary transfer of office files etc.

Inspectors of Educational Training will be under the orders of the General Staff of the Commands to which they are appointed. All references appertaining solely to inspectorial duties may be made direct to the Inspector concerned. All existing orders and instructions relating to the duties of Inspectors of Army Schools will remain in force as regards Inspectors of Educational Training.

Attention is invited to India Army Order No 825 of 1920 and the annexed copy of War Office letter No 50 Gen No 5420 (S D 8) dated the 5th November 1920 as regards procedure for inspections.

A copy of War Office letter No 50 Gen No 5445 (S D 8) dated the 14th February 1921 is also attached. The instructions contained therein should be adhered to excepting that Army Form C 817 will be forwarded in duplicate to the Chief of the General Staff Army Headquarters India.

(iii) *Education Officers of Districts* — One Education Officer will be attached to the General Staff of each District. The G S O II (Education) Eastern Command will be directly responsible for educational training in the Allahabad Brigade Area.

District Education Officers will be responsible to the General Officer Commanding for advice on all technical matters affecting educational training for the general supervision of examinations and the maintenance of uniformity of high standard and for the co-ordination of the educational training as a whole in the district concerned.

Sanction is accorded to the gradual issue to British and Indian units, on the following scale, of optical lanterns for educational training purposes —

British cavalry regiment	1
Royal Horse Artillery brigade	1
British infantry battalion	1
Royal Field Artillery brigade	1
Royal Garrison Artillery brigade	1
Headquarters Sappers and Miners units	1
Indian cavalry regiment	1
Indian infantry regiment	1

2 In stations where there are more than one but less than four Indian cavalry regiments or Indian infantry battalions, lanterns will be issued to one unit only. In stations where there are four or more Indian units two lanterns will be issued. The units to which the lanterns are to be issued will be decided by the officer commanding the station.

3 Some of the lanterns are fitted for acetylene gas and some for electric light. Indents for lanterns will be submitted to the Chief Ordnance Officer, Madras Arsenal, according to the lighting arrangements in the station in which the indenting unit is located.

4 Under no circumstances will any lantern be removed from the station to which it is originally issued. When units move in relief the lanterns will be handed over to the relieving units, this applies to both British and Indian troops.

5 Units in possession of lanterns are responsible that they are handed over complete and in good condition.

Indian Medical Service

No 598 With reference to Army Department notification No 558 dated the 27th June 1913 the Governor General in Council is pleased to direct the publication of the following Royal Warrant dated the 9th December 1921—

GEORGE R I

Whereas We deem it expedient to make provision to regulate the promotions to higher rank of officers of the Indian Medical Service granted specially accelerated promotion to the ranks of Captain and Major during the late war

Our Will and Pleasure is that for Article 6 of Our Royal Warrant for the Service given at Our Court at St James's on the twenty eighth day of May 1913 in the fourth year of Our Reign the following paragraph shall be substituted

6 Time on half pay not exceeding one year shall be allowed to reckon as service for promotion under Articles 3 4 and 5 if removal to half pay has been in consequence of medical unfitness caused by duty military or civil. An officer shall not by reason of any promotion during the late war be eligible for promotion to the rank of ^{Major} Lieutenant Colonel under $\frac{11}{20}$ years service from date of first commission (or $\frac{11}{12}$ years from date of first commission if he is entitled to the reduction of six months specified in Article 4) except that an officer appointed as the result of the competitive examination of July 1915 may be promoted to the rank of ^{Major} Lieutenant Colonel at such date before he has completed $\frac{12}{20}$ years service as may be required to avoid his supercession (otherwise than through the reduction of six months in the circumstances specified in Article 4) by an officer entering the service by nomination during the war

Given at Our Court at St James's this ninth day of December 1921, in the 12th year of Our Reign

APPENDIX TO ARMY INSTRUCTION (INDIA) No 337 of 1922.

Finance Department letter No. 276-Accts., dated the 25th March 1922, to the Military Accountant General.

I am directed to inform you that the Government of India have had under their consideration the following matters connected with the assessment of income tax of pay earned by officers of the Indian Army serving in Mesopotamia, etc

2 Representations had been received to the effect that Indian income tax was being deducted from arrears of pay earned by Indian Army officers overseas but drawn in India, and that the practice, being inequitable, should cease. On enquiry, however, it was found that pay and accumulated credit balances of pay earned prior to 28th September 1920 whether drawn in the field or in India before or after that date were not taxed at all and that pay earned by officers overseas after that date had been charged with income tax under the British income tax regulations only, wherever it had been drawn. The tax so recovered had been credited to the revenues of the United Kingdom.

3 In reviewing these facts it became apparent that any portion of pay earned by service under His Majesty's Government but drawn in India is legally liable to both British and Indian income-tax. It was, therefore, considered necessary to make clear to all officers concerned the position as here described in which they would place themselves by continuing to draw part of their pay in India, but on the matter being referred to the Secretary of State, it has been agreed by the Inland Revenue Authorities in the United Kingdom that the officers in question should be allowed a rebate of British income tax equal to the amount of tax charged in India on the portion of their pay allotted for payment in India provided that the officers should not in future be allowed to remit a portion of their pay to India to be charged at Indian income tax rates and to draw the remainder in the field to be charged under the British income tax regulations.

4 The Government of India have accordingly decided that Indian income tax should be levied on pay or accumulated balances of pay earned by service overseas but drawn in India on or after the 1st May 1922. Such income tax will be credited to Indian revenues. No recoveries are to be

any rebate admissible in respect of the portion allotted for payment in India

5 You are requested to instruct Controllers notice any case in which it appears that being made to take undue advantage of the rebate herein authorised

In order to carry this into effect, the following procedure will be adopted —

- (a) In every case where a first claim for marriage allowance is received paymasters will take steps before authorizing the issue in respect of children of whom the soldier is not father, to ascertain whether pension is being issued for any of those children, and if being made to the Pensions Issue Office necessary.
- (b) The Pensions Issue Office has arranged to notify paymasters of all cases of widows in receipt of pensions in respect of their children who have remarried serving soldiers (or civil servants who have since become serving soldiers). Receipt of such a notification the paymaster will take steps to discontinue at once the issue of marriage allowance in respect of the children concerned, informing the woman of the result of this action.

Should any cases come to the notice of a paymaster which although no notification has been received from the Pensions Issue Office it appears probable that pension is being issued the paymaster will refer to the Pensions Issue Office for information.

Children for whom pension (and consequently marriage allowance) is being drawn will be ignored for the purpose of assessing the rate of marriage allowance in respect of any other children of the soldier.

7 Clause 7 contains the rates of income tax proposed for the year. The only changes in the income tax are the raising of the rate for income between Rs 10,000 and Rs 40,000 from 14 pice to 15 pice for incomes of Rs 40,000 and over from 16 pice to 17 pice.

There are no changes in the rates of super-tax. The present maximum of 4 annas for incomes over Rs 10,000 is maintained. There is a progressive application of the principle till the new maximum of 6 annas is reached. The new rates introduced are as follows:

- (a) in respect of the first fifty thousand rupees 4 annas
- (b) in respect of the second fifty thousand rupees 5 annas
- (c) in respect of the third fifty thousand rupees 6 annas
- (d) in respect of all taxable income over Rs 1,00,000 6 annas

from the 23rd February 1916 and until the end of the war, a sum of Rs. 50 instead of Rs. 30 as at present, shall be considered available for the payment of temporary clerks employed in vacancies existing in the lowest grade of the clerical establishment of the Supply and Transport Corps.

2. It is desirable that the local authorities should be empowered to disburse the amount available in the manner best calculated to promote an efficient clerical service in the Supply and Transport Corps. The following conditions, which will govern the pay of clerks holding temporary appointments in the Supply and Transport Corps during the war, are framed with that object:—

- (a) The complement of clerks in each division upon which vacancies shall be assessed, is the authorised peace complement for that division
- (b) All clerks on service (including clerks invalided from field service who are not doing duty in India) and clerks on detached duty in other divisions will create vacancies in the divisions which they have left
- (c) Clerks on sick leave in India create vacancies (for purposes of pay) to the extent authorised in the Civil Service Regulations. In such vacancies the pay available in the lowest grade will be Rs. 50.
- (d) Re-employed pensioners will be regarded as filling temporary vacancies; and the pay, supplementary to pension which they receive under Army Department letter No. H-1408, dated the 23rd February 1916, will be debitable against the amount which the orders in this letter make available for the payment of temporary clerks.

(c) The total pay available in any office month may be disbursed at the discretion of the responsible officer as he thinks fit, subject to the following conditions, viz:

- (i) No re-employed pensioner can receive more pay and pension, than the amount payable from the appointment from which he was dismissed.
- (ii) No temporary clerk, not a pensioner, can receive more than Rs 150 a month.

The responsible officer is not required to maintain a list of the number of clerks for whom there are vacancies. He is not entitled to draw the amount available in the office for the payment of salaries.

2 The gratuity will be issued according to the (permanent temporary acting or relative) held by the person on the 18th April 1920 or on the last date on which he took part in the operations if earlier and will also be admissible to the heirs of those who were killed in action who died of disease during the Waziristan operations between the 1st October 1919 and the 18th April 1920, dates inclusive. In the latter case the amount of gratuity will be that of the rank held on date of decease of those troops and followers who served on the establishment of a unit or formation under the orders of the General Commanding the Forces concerned within the geographical limits as laid down in Army Instruction (India) No 948 1021 will be entitled to the gratuity

The boundary between the Bannu and Tank Lines is follows —

Administrative boundary between North and South Waziristan southern boundary of Bannu civil district—the Indus Mianwali Marri Indus and Kalabagh are included in both lines Darya Khan is included in Tank line

(Note — The administrative boundary between North and South Waziristan runs from Salahi Ghar on the Durand line via Asman Punga, Dara, Lower Narai Shuidar Puzmak thence along the Shiktu river to a point 3½ miles due south of Spinwam where it meets the Bannu civil boundary)

3 The following are the rates of gratuity —

British officers and other ranks

	Rs

The rates laid down above are admissible irrespective of the period served between the two limiting dates

4 The gratuity is not admissible to followers on special field service rates of pay or who were in receipt of a 50 per cent increase to their pay

5 The grant of the gratuity is subject to the approval of the General Officer Commanding the Waziristan Force. Officers Commanding or Heads of Department should therefore prepare (with the assistance of regimental accountants if necessary) and submit nominal rolls to the officer who will furnish a certificate that the officers and men for whom the gratuity is claimed were actually employed within the sphere of operations above referred to. Separate rolls should be prepared (i) for officers and men still serving, and (ii) for those who have been demobilized or have otherwise become non-effective. These nominal rolls should include all persons entitled to gratuity under this Army Instruction (India) who were serving with the unit or department concerned during the period 1st October 1919 to the 18th April 1920 both dates inclusive. Separate claims should then be prepared for officers and men

It is to be followed in future in partial supersession of the estimate contained in paragraph 121 of Army Regulations (Volume XII —

(a) The Director of Military Works (in case of Independent Districts) and Chief Engineers (in case of Commands) are empowered to fix a date for the working year which is to be considered as the 1st month of the working year for the purpose of annual maintenance and repair. The date fixed should be uniform throughout the Command or District in the case of Independent Districts. Each ordinary estimate should include the whole expenditure which it is anticipated will be incurred during the working year on the work of the work concerned.

(b) The sanction to an ordinary repair or maintenance estimate (other than one for "special repair") lapses on the last day of the year fixed by the authorities mentioned above. However, if inconvenience would arise in an exceptional case from the stoppage of work on the fixed date, the repairs may be carried on to completion the expenditure after that date being treated as expenditure against a fresh repair estimate for the working year.

2 The above changes will in no way affect the budget arrangements for the provision of funds.

3 The necessary amendments in the regulations will be made in due course.

552. Grant of extra clerical assistance for In and pioneer training battalions.

It has been decided that, with effect from 1 1922 the clerical establishment prescribed in Instruction (India) No 322 of 1922 for Indian pioneer training battalions shall be increased to deal with the documents etc., of reservists

ranks drawing tradesmen's rates of pay as prescribed in
Army Instruction (India) No 323 of 1920 except the clerks
referred to in categories " B " and " D " of Army Instruc-
tion (India) No 394 of 1920

The possession of a trade qualification is also important
for the soldier in assisting him to obtain civil employment
in the United Kingdom after leaving the service Men

drawing normal rates of pay should therefore be to obtain a trade qualification though the fact have obtained such a qualification will not entitle tradesmen's rates if they are not borne on listment of tradesmen of their unit

2 The question of the possession of trade qualification the grant of tradesmen's rates of pay for Unattained ranks when on furlough is receiving separate code and an Army Instruction (India) on the subject published in due course

4 Trade tests should be arranged with a view to travelling to a minimum and individuals should be tested locally wherever possible

If in the case of certain trades it is found impossible to carry out the prescribed tests within a command a General Officer Commanding in Chief will arrange for the test to be carried out in communication with an establishment which possesses the necessary facilities

As a guide to assist General Officers Commanding in Chief in such cases a list of army trades by group to date showing the units or institutions where the tests are carried out is published as an Appendix to the instructions

The civil departments concerned are being asked to give every assistance possible to General Officers Commanding in Chief but such assistance should only be given when it is impossible to carry out the test otherwise

5 (a) The command testing boards should be constituted by the 1st August 1922 and trade testing should be commenced as soon as possible in those trades for which new tests have been issued

(b) Where tests have already been carried out by units and formations under the new classification must be confirmed by the command testing boards who if not satisfied as to the man's qualification will require him to be retested

(c) With reference to Army Council Instructions of 1922 where men have been provisionally classified paragraph 4 (b) of Army Instruction (India) of 1920 they must qualify in the new tests by 1st August 1923

261. Office establishments of Divisional Artillery Commanders.

The six sanctioned appointments of Commanders, Royal Artillery, of divisions are now distributed as in India Army Order 51 of 1918. These appointments are held under the conditions specified in India Army Order 665 of 1911, one of which is that clerical assistance for the officers in question will be found from that sanctioned for divisional establishments.

2. Owing to changed conditions, however, adequate clerical assistance can no longer be provided in the manner prescribed.

3. Sanction is therefore accorded to the provision of the following for each Commander, Royal Artillery, in India :—

One 3rd grade Military Staff clerk on Rs. 120 per mensem, consolidated pay.

One typewriter and one yakdan, at an estimated cost of Rs. 230 for the two.

4. The Military Staff clerk will, in each case, form part of the clerical establishment of the division in which the Commander, Royal Artillery's headquarters are situate, and will be borne on the roll of that division for promotion in office grading.

This will result in the addition of a 3rd grade Military Staff clerk to the establishment of each division affected, the selection of a non-commissioned officer to fill the actual appointment of Commander, Royal Artillery's clerk being made under the orders of the divisional commander concerned.

5. No separate office allowance will be granted, but the existing allowance of Rs. 200 per annum, for contingencies, admissible to Commanders, Royal Artillery, will be added to the contingent of the divisional office concerned, and that office will Commander, Royal Artillery, with all office requisites.

6 The clerk will be permitted to accompany Royal Artillery, at the public expense, to all public manoeuvres in which the artillery under the latter is engaged

7 The financial effect of the measure is estimated at Rs 9,000 per annum recurring, to be met from the ordinary grant and head of account for re-appropriation

262. Command of a Divisional Signal

It has been decided, as a temporary measure during war, that with effect from the 28th September 1916 of a Divisional Signal Company shall be held by an officer of rank of Major. If an officer of the substantive rank of Major is not available, the officer appointed to the command shall hold the acting rank of Major while so employed

263. Refund of the special allowance diem in the case of officers of the Forces, Special Reserve, New Armies, etc, when appointed to the Regular Army

It has been decided that all subaltern officers of the Forces, Special Reserve, New Armies, etc, who are granted commissions in the Regular Army under Army Order No 392 of 1916, shall not be called upon to refund the special allowance authorised by the India Army Order No 99 of 1916, when their commissions are antedated to 9 months subsequent to their first commissions in the Territorial Force, etc. The special allowance authorised by the India Army Order No 99 of 1916, referred to above will cease with effect from receipt in India, as published in India Army Order No 100 of 1916, notifying the grant of a regular commission. Any sums that have already been deducted from their commissions on this account should be refunded to them

It has been decided, as a temporary war measure, that warrant officers and non-commissioned officers of the Supply and Transport Corps, when detained at out-stations in India on duty connected with the provision of supplies arranged by the Supply and Transport Corps, shall be granted detention allowance at Rs. 3 per diem and Rs. 2 per diem, respectively, for each day of detention.

2. This allowance, which is subject to the terms of the definition of "Detention allowance" in Army Regulations, India, Volume I, will be in lieu of any command allowance admissible under rule, and will not be admitted for any day for which travelling allowance is drawn.

3. The expenditure involved is debitable to the ordinary grant and head of account affected.

[$\frac{828 (Q M G.)}{B.}$]

265. Grant of advances to newly-raised Divisional Signal Companies.

Sanction is accorded to the following revised procedure for financial assistance to newly-raised Divisional Signal Companies :—

(a) Units will be given an advance of Rs. 500 to be liquidated in 36 monthly instalments, the first instalment being due 12 months from the date on which the money is actually drawn.

(b) In cases where it can be clearly proved that further assistance is necessary applications for additional sums will be considered up to a maximum of Rs. 500 a company. The necessity for the additional advance and the terms of repayment will be decided on the merits of each individual case, and to enable this to be done a report should be furnished giving the necessary details clearly.

2. If a company should fail to comply with the conditions contained in paragraph 1 above, interest may be charged at a rate to be fixed as the merits of the case may require with reference to rate prevailing at the time.

3 The decision contained in this Instruction will have retrospective effect to cover advances made since the commencement of the war

267. Formation of an additional company of Jats to be attached to the depot of the Hazara Pioneers, and another of Bishnois in the 2-10th Jats.

Sanction is accorded to the formation of an additional company of Jats to be attached to the depot of the Hazara Pioneers, and another of Bishnois in the 2-10th Jats.

2 The terms of enlistment of the men forming the additional companies and any other special company or companies which may be raised hereafter, will be for the period of the war and afterwards, provided His Majesty shall so long require their services.

3 The following measures are applicable to the management, discipline, etc., of such special companies —

- (i) The appointment of such direct commissioned officers and non-commissioned officers as may be considered necessary by the officer commanding the companies.
- (ii) The appointment of 1 havildar and 1 naika for every 20 recruits.
These appointments to be temporary and to terminate on the expiry of the war or any appointed under (i) above.
- (iii) The grant of an allowance of Rs 5 per month to the non-commissioned officers performing the duties of paymaster.

(iv) the purchase of books, stationery, etc., of Rs. 30 per company.

(v) The grant of a monthly allowance of Rs 40 per company.

The recurring allowance referred to above is intended to remunerate clerks, armourers, mochis, etc., for the extra work devolving on them in connection with these special companies.

(vi) The allowances in (iv) and (v) will be drawn on the following conditions :—

(a) The initial allowance when the company is started.

(b) Half the monthly allowance after 25, and the full after 50 men have been enrolled in a company.

(vii) Where a special company is attached to a battalion, the officer placed in charge of the company shall be entitled to the staff pay admissible for the command of a company. The staff pay, however, will not be granted until the strength of the company exceeds 125 men.

through the Controller of War Accounts

[30033 (

With the approval of His Majesty's Secretary of State India it has been decided that, with effect from the 1st October 1917, the rate of exchange to be applied to army remittances and allotments to England through Government from India and Mesopotamia shall be 1s. 5d. instead of 1s. 4d. the rupee.

2. Broadly defined, the Secretary of State will increase the payments to recipients at home in the case of remittances or allotments which are expressed in rupees, while the account authorities in India and Mesopotamia will refund to senders the excess recoveries made in the case of remittances and allotments which are expressed in sterling.

3. In respect of payments made on or after 1st October 1917, the India Office will accordingly make the necessary adjustments at home in the case of—

- (1) All remittances included in monthly rolls.
- (2) All credits and other final balances of pay, etc., advised by Field Controllers for payment at home.
- (3) All gratuities or other sums ordinarily payable at the official rate of exchange.

4. From the same date refunds, for excess recoveries, to senders in India and Mesopotamia and the necessary re-adjustments will be made by Controllers in respect of—

- (1) Family allotments which will continue to be paid home at the sterling rate, whether they are paid by the India Office or (in the case of British) by Regimental Paymasters.
- (2) Payments on account of accumulation of balances of in the field in the nature of occasional allotments.
- (3) Remittances for deposit in post office savings bank. The Secretary of State has directed that such rem. should be treated as if fixed in sterling, as the Post Office will not accept differences involving fractions of a shilling.
- (4) Family allotments of officers. The Secretary of State has decided that the sterling payments at home recipients will remain unaltered except so far as it may be amended, and that account officers in and the field should re-credit officers with in rupees commencing with allotments from for September 1917, paid in October 1917, and

274. Delegation of powers to the Director of Military Works, General Commanding, Northern and S Commands, and General Officers Commanding, Divisions, to sanction plinth estimates for temporary accommodation required in connexion with the war.

In Army Department letters No 17621, dated the 28th September 1917, and No 18817, dated the 21st December 1917, the Director General of Military Works has been authorised by the Government of India to deal finally with the plinth area estimates for providing temporary accommodation required in connection with the schemes specified in Appendix 44 to these Instructions provided the total amount of each estimate does not exceed Rs 50,000

■ As it has been found necessary to redistribute battalion depôts in many instances and locate them in lines originally framed for other units and to alter in consequence the accommodation provided or under construction the schemes above referred to cannot be carried out exactly in accordance with the detail programme originally framed

3 It has therefore been decided to group all these schemes under any other general scheme which may hereafter be approved by the Government of India for the provision of additional temporary accommodation for Indian troops necessitated by the war, of which is chargeable to His Majesty's Government, into three groups, one dealing with the construction of new lines for battalion depôts and the expansion of old lines for battalion depôts of Indian troops and with the provision of temporary accommodation for the Indian personnel of Artillery depôts, and the other with the construction of temporary hospital accommodation for Indian troops so as to bring the total hospital accommodation at any station up to 5 per cent of the authorized barrack accommodation

4 As the powers delegated in the orders referred to in paragraph 1 are considered inadequate, it has now been decided that plinth area estimates for works falling within the scope of the projects specified in paragraph 3 may be sanctioned by the commanding authorities up to the limits mentioned against each category, exclusive of departmental charges —

- (a) By the Director General of Military Works, up to a limit of Rs 1,00,000
- (b) By the General Officers Commanding, Northern and Southern Commands up to a limit of Rs 50,000
- (c) By the General Officers Commanding, Divisions, up to a limit of Rs 50,000

It has been decided that, from the above date, water pakhals shall be supplied free by the State to those units of the Indian Army which have hitherto supplied their own vessels and been to draw the upkeep allowances laid down in Army

Regulations, India, Volume I, paragraph 243 All units of service mentioned in the above quoted paragraph, hereafter, will be provided by the Supply and Transport Branch with the number of pakhals which they are required.

2 Pakhals now in possession of units will be handed over to Government up to the authorised scale at a fixed rate of Rs 40 per pair, if serviceable, and will be re-issued to units. Boards will be convened under the orders of the Commanding Divisions and Independent Brigades to examine the pakhals with units and decide how many are serviceable. Units not in possession of pakhals according to the authorised scale will be required to complete to that scale at their own expense. The material necessary for this purpose will be provided by Government at a rate of Rs 40 per pair.

3 The allowances authorised under Army Regulations, Volume I, paragraph 243, are abolished, and pakhals will in future be handed over to the Supply and Transport Branch for replacement.

4 General Officers Commanding Divisions and Brigades will intimate to the Director of Clothing, Simla, the number of pakhals which they require in order to give effect to this decision.

Formation of a Reserve of Railway personnel for employment overseas.

Establishment on Indian Railways of a Reserve of classes of railway personnel required for employment overseas.

1 The reserve will embrace the following classes, European and Indian —

- (i) Drivers
- (ii) Station Masters
- (iii) Assistant Station Masters
- (iv) Signallers.

2 All persons wishing to join the reserve will first obtain the permission of their Railway District Officer, who will then pass the application to the Chief Recruiting Officer of the Railway concerned. Only such staff as can be spared without prejudicing the working of the Railway should be permitted to apply to join the reserve.

3 If there are vacancies in the reserve the Chief Officer will take steps to have the applicant medically examined and enrolled. The reservist will be entitled to pay from the date of enrolment to date of discharge. Discharge becomes final on account of physical unfitness.

4 Reserve pay will be admissible at the following rates monthly —

	European	Indian
	Rs.	Rs. & p.
Drivers	30	20
Station Masters	20	20
Assistant Station Masters	25	15
Signallers		12

5 A reservist will be brought on to the scale of pay for Station Masters or Assistant Station Masters on his return from the date on which he is called up, or the date he is relieved from his substantive appointment, whichever is the later. Batta will be payable from the date of embarkation on the outward overseas journey till the date of disembarkation and return to India. Rates of pay and service conditions as pertain to the category concerned.

to or by ent with a railway does not free the reservist from liability to overseas service

7 Permanent promotion on a railway from one class to another (e.g., from Signaller to Assistant Station Master) renders the person concerned eligible for increased reserve pay transfer to a higher class. Acting or officiating appointments will not entitle the reservist to any enhancement of reserve pay.

8. A reservist undertakes —

- (a) To serve in any country he may be directed
- (b) To proceed to the port of embarkation within 15 days being called up.
- (c) To maintain himself in a state of efficiency as to enable him to undertake the duties for which he is enrolled
- (d) Immediately to notify to the enrolling officer any physical disability likely to militate against his immediate despatch on active service. Failure to notify such disability will render the reservist liable for the reimbursement of reserve pay from date of disability
- (e) To continue in the reserve during the present war until six months thereafter (but see paragraph 10).
- (f) To serve overseas, after being called up, for the duration of the present war, and six months thereafter if required.

9 A reservist having once enrolled will not be called up until the expiry of one month from the date of enrolment

10 When the services of a reservist are no longer required he may be discharged from the reserve, in which case he will be paid up to the date of receipt of the notification of discharge.

11 Payment will be made in arrears through the Chief Recruiting Officer of the Railway concerned

12 Payment may be withheld should the reservist commit any fault which will render him liable to dismissal from railway service or during suspension, but should it be subsequently considered that the fault did not render his retention in the reserve undesirable he may be paid any sums that may have been with-

Arrangements for the provision of accommodation for officers coming to India from Mesopotamia and other overseas expeditionary forces on leave (other than leave on medical certificate) during the hot weather of 1918.

(Army Department letter referred to in A I I 244)

The Government of India have had under their consideration the question of the arrangements to be made for the accommodation of officers coming to India from Mesopotamia and other overseas expeditionary forces on leave (other than leave on medical certificate) during the hot weather of 1917. The number of officers who will obtain such leave is expected to be considerable and it is anticipated that they will encounter serious difficulties if left to make arrangements for their accommodation privately, while it is also considered necessary in the interest of efficiency that steps should be taken to ensure that their leave will be spent in healthy surroundings.

2 The Government of India have accordingly agreed to the appointment of local committees at various stations in India for the purpose of making suitable arrangements on behalf of the officers in question. These committees will be informed by the military authorities of the number of officers for whom accommodation is likely to be required, and it will then be the duty of the committees to secure suitable accommodation and to make suitable messing arrangements for these officers at the most favourable rates which can be obtained. In particular the committees have been authorised at their discretion to reserve rooms in hotels or to hire and equip bungalows.

3 The primary intention is that the officers in question will be charged rates for board and lodging which will fully recoup the expenditure incurred by the committees, provided that the accommodation reserved is fully utilised. The Government of India have however decided that, in the event of accommodation provided by the local committees under instructions from the military authorities not being fully taken up, the responsibility for any financial loss so accruing shall be assumed by Government. The manner in which this Government guarantee is intended to operate is indicated in the illustrations given in the following paragraphs.

4 *Hiring of bungalows—(a) Lodging*—In the case of a bungalow of accommodating 10 officers, the rent of which is

Rs 250 a month, and the other fixed charges, establishment, Rs 100 a month, total Rs 350, each in the bungalow will be required to pay, as his share at the rate of Rs 35 per mensem for each day of this charge shall not be increased by reason of there being 10 officers in occupation for the whole or any part of the month. The difference, if any, between the total actually recovered from the officers occupying the bungalow and the charges mentioned in this paragraph, and borne by Government. Similarly, in the event of a finding it necessary to rent a bungalow for a few months, while the bungalow is actually occupied only, Government will undertake to pay the whole for 2 months during which the bungalow remains empty.

(b) *Messing*—The local committees will arrange for the officers occupying the bungalow at the minimum rates obtainable. It may be assumed that in the case of a bungalow capable of accommodating 10 officers, messing can be arranged for at the rate of Rs 4 per officer per diem. In such a case, each officer occupying the bungalow will be required to pay for mess of Rs 4 per diem for each day of occupation, and also shall not be liable to any increase on the ground that 10 officers have been in occupation for the whole of the month. The difference, if any, between the amount recovered from officers on account of messing charges and the amount actually incurred by the local committee on account of messing will be borne by Government. The committees will be expected to keep this loss at a minimum by making arrangements with contractors, etc.

(c) *Hotels*—Officers accommodated in hotels shall pay for the accommodation allotted to them for the whole of the month of occupation, at the full rates at which such accommodation, including board, has been engaged by the local committee. If a local committee has reserved a given number of rooms in a hotel, and certain of these rooms are not continuously filled, and are not otherwise utilised by the hotel, the amount actually charged to the local committee by the hotel proprietor on account of such vacant rooms shall be borne by Government. The local committees will of course endeavour to reduce such expenditure as far as possible by surrendering the rooms as soon as it is found that they are not likely to be required.

5 The financial guarantee indicated in the preceding paragraph will cease absolutely to operate after the 31st October 1914.

6. The local committees are being instructed to submit bills in respect of any charges for which Government are liable under the arrangements described in this letter to the Divisional Disbursing Officer of the Division or Divisional Area concerned in India Army Form A.-115. These bills should give full information regarding the nature of the charges and should be supported by a certificate to the effect that the charges billed for have been necessarily and correctly incurred. The bills, when received, should be paid with the least possible delay, for the reasons that the committees will have no cash in hand with which to meet immediate demands, and that the bills will represent sums owed to land-lords, tradesmen, servants, etc, who cannot be kept waiting for their money.

7. The expenditure involved by the foregoing scheme is debitable to His Majesty's Government and should be passed to the Controller of War Accounts for adjustment.

306 Emoluments during the period of transfer of officers proceeding from England to field service overseas to take up appointments in India

It has been decided that, as a special measure to meet
the exigencies of the war, and with effect from the date of its
issuance the emoluments of officers during the period of transfer
from England or from field service overseas to an appointment
shall be regulated as follows —

- (a) A British officer of the Indian Army performing
duty in England or on field service overseas shall receive
the full pay of his substantive appointment from the
date of taking over his new appointment
- (b) A British service officer of regimental rank performing
regimental or staff duty in India will receive
regimental pay if he is not on the Indian
establishment, if he was on the Indian establishment
at the outbreak of the war, he will receive Indian rate

... service officer holding a staff appointment proceeding to India for further staff employment, pay at the rate drawn for the appointment on that of the Indian appointment,

- (d) A British service officer on half pay will receive the pay of the Indian appointment of embarkation, provided that at the date he is in receipt of half pay or retired pay while holding a staff appointment he will receive the pay of his British appointment or Indian appointment, whichever is less
- (e) An officer of the Indian Army on unemployed pay will receive the pay of the appointment with effect from the twenty-second day of the month following his arrival in England

In all cases the officer in India who is relieved of his appointment will continue to receive the pay of the appointment until he hands over his duties

2. The extra expenditure involved should be adjusted below :—

- (i) In case (a) the expenditure should be debited to Majesty's Government and not to the Controller.
- (ii) The same procedure should be followed in case (b) of officers on the Indian establishment
- (iii) In other cases the pay charges for the period should be adjusted in the same way as the pay of the appointment which the officer joins on arrival

338 Increase of pay for British soldiers

The following was published as a Gazette of India, ordinary, on the 1st April 1918 —

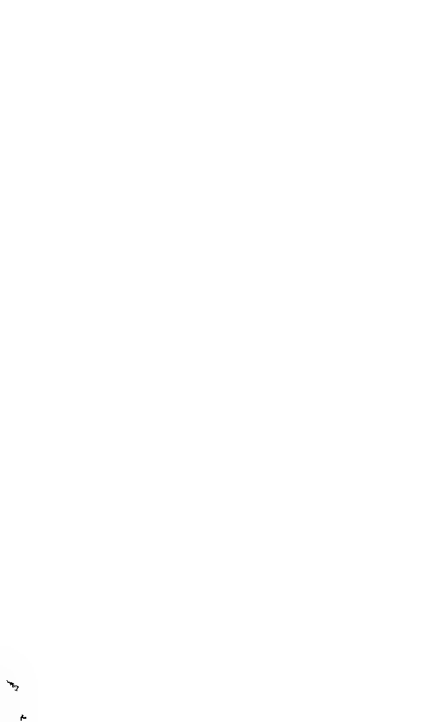

* No 844 — The Governor General in Council is pleased to announce that the Right Honourable the Secretary of State has approved an increase of pay for British soldiers as follows —

1 From the 21st September 1917 and for the period of the present war, the qualifying period for proficiency pay as required by Army Regulations, India, shall be reduced from 2 years to 6 months, subject to the condition that those enlisted as boys, to the additional condition that they must have attained the age of 18 years instead of 16 as hitherto, and proficiency pay shall be issued to all soldiers eligible for that emolument who on or after the 29th September 1917 have fulfilled the conditions for the grant of proficiency pay now modified.

2 In the case of soldiers who are in receipt of proficiency pay laid down in Army Regulations India, Volume I, of separation allowance shall, from the 29th September 1917 for the remaining period of the present war, cease to be payable on the soldier making an allotment of his pay.

Where the wife or dependant of such a soldier was in receipt of separation allowance on the 2nd December 1917, or becomes entitled to receive an allowance with effect from an earlier date, the whole sum which the soldier was in receipt of on the 2nd December 1917 (including any allotment of his pay that prescribed in the Appendix to the Regulations, 27th October 1914 under the Royal Warrant of the 10th September 1914) up to a total of 10s a day for a soldier of the rank of sergeant or higher rank, or 6s. for a soldier below the rank of sergeant shall be issued from public funds as an allowance, and shall not be deducted from the soldier's pay.

Where the wife or dependant of such a soldier becomes entitled to separation allowance with effect from the 3rd

The minimum sum shall be at the following rate to the soldier's rank or appointment —

Trooper, gunner, driver, sapper, pioneer (R private)

Paid lance-corporal or paid acting bombardier

6 All warrant officers non-commissioned officers now serving who, having on 1st August 1914 22 years' service on their current attestation, including year under Section 67 (1) of the Army Act, have been in the Service under the provisions of the Military Service (Session 2), or have voluntarily continued in the service the war may elect within 3 months from the date of notification to draw with retrospective effect the pension to which they would have been entitled by service if they had been on completing 22 years' service. A soldier who has 22 years' service on 4th August 1914 and who elects to draw pension under this notification may have his pension paid with arrears as though he had been discharged on 4th August 1914, but not sooner.

Similarly, soldiers who now have less than 22 years' service may, if they complete 22 years' service during the war, draw service pension from the date of completion of service.

The right to elect to draw service pension from completion of 22 or more years' service must be exercised within 3 months of the date of this notification or of the date of completion of 22 years' service whichever is the later date, the election once made will be final and the pension granted will not be subsequently increased, though, if a soldier is subsequently found to be eligible for a disability pension in addition to service pension, he will be entitled to the additional pension on the usual conditions.

A soldier who elects to draw his pension under this notification will be regarded as having terminated his engagement with effect from the date from which pension is payable, and as having entered into a new engagement at the end of the war. A soldier who does not claim pension at the end of the war will continue to serve in the Army under the usual conditions providing for the continuance of men of *honourable service towards increase of pension*.

7 From the 20th September 1917 and for the period of the present war, no stoppage shall be made in the pay of any soldier in respect of his admission to the pension if the disability is due to an offence under the Army Act committed by the soldier's own fault.

Men in receipt of special rates of pay who for a brought on to ordinary rates of pay will be entitled to of the Notification from the date of commencing to rates. Subject to the provisions of the Notification service whether at special or ordinary rates, will for purpose of the benefit.

Any man in receipt of special rates of pay will tion of drawing ordinary rates and the benefits of the in lieu of his special rate. Such election when made and will be recorded in his documents. He will not to re-elect his special rate at any subsequent date.

No arrears of the grant under paragraph 3 of the tion will be paid for the period before 29th September all service, as defined in the Notification since the ment of the war (whether on a current of a previous will be allowed to reckon in calculating the additional soldier's pay.

(4) In assessing the pay of the soldier for the purposes whether an addition under paragraph 5 of the Notification, it should be noted that the emoluments to be account for soldiers serving at the rates of pay of arms proficiency pay are—Regimental pay, proficiency pay pay.

For soldiers serving at Royal Engineer rates pay, engineer pay and service pay if entitled thereto. For soldiers serving at the rate of arms which pay—Regimental pay, corps pay and service pay if entitled to.

The following classes of pay will not be taken into

2 The invalid pension of officers with less than 17 years' service will be granted on the same conditions as the permanent pension, viz., to all officers under 15 years' service permanently incapacitated for further service in India on account of medical disability, with the exception of officers who have not had three years' service in India in the Indian Army or who have not qualified for pension therein, and are invalided for unfitness, not caused by duty, whose cases will be dealt with under the conditions laid down in the Royal Warrant.

3 With the last mentioned exception, no distinction will be made between unfitness caused by duty and unfitness not caused by duty (provided that the officer is free from blame as to the disability). The invalid pensions therefore of officers of 17 years' service will not be confined as at present to cases where the disability is caused by duty.

4 These invalid pensions are sanctioned with effect from 1st January 1918, in cases where pensions have already been granted under the old rules, for disability due to the disability. The pensions will be reassessed under the new rules from that date.

5. There remains the question of the position of officers on what is at present known as the temporary half-pay list, who, though non-effective, are not permanently retired. These officers will be placed on the "temporary half-pay" and "temporary half-pay list."

The rate of staff pay will be reviewed by the General Officer Commanding the Division or Independent Brigade in depot allocated every three months, the first review to be in the first week of July 1918 for the quarter ending the 1918. In the meantime the rates which the staff are receiving will be continued.

3. When at the time of review the strength of a depot in which the maximum rate of staff pay is in force has fallen below 751, or, in the case of a depot where the intermediate rate is below 501, the General Officer Commanding will consider whether the higher rate of staff pay should be continued or restricted to the rate of staff pay authorised by the actual strength of the depot. If the General Officer Commanding decides that a higher rate of staff pay should be continued he will give an order to this effect, with full reasons for his decision. In the absence of any order to this effect by the General Officer Commanding, the Controller of Military Accounts will reduce the rate of the depot staff to the rate to which they are entitled by their strength.

4. In the case of a depot whose strength reaches 751 or the first time, the appropriate rates of staff pay will be fixed with effect from the date on which the higher level is reached and will continue in force under the periodical orders of the General Officer Commanding concerned.

5. The extra expenditure involved will follow the provisions detailed in India Army Order No. 535 of 1917, or Army Order (India) No. 24 of 1918, as the case may require.

Letter No 16908, dated the 9th November 1917, from the Secretary to the Government Army Department, to the Chief Secretary, Government of Bombay, Revenue Department.

I am directed to refer to your letter No 11858, dated 10th October 1917, relative to the employment of police pensioners as District Assistant Recruiting Officers on recruitment to act as conducting parties when necessary

2 Under the existing orders of the Government the employment of military pensioners only is authorised for but it is stated in your letter that in some districts of the Presidency military pensioners are not available, the Government of Bombay have authorised the Collectors to entertain pensioners for the purpose on the rates of pay and allowances below, and you request that the sanction of the Government of India may be accorded to the action taken in the matter

(i) The full pay (including good service pay, if the police pensioners were in receipt of their retirement in addition to their pension)

(ii) Batta at Rs 5 per mensem

(iii) Clothing as allowed to police under part I of the Bombay District Police Regulations, Volume I

3 In reply I am to say that, in the circumstances the Government of India approve the employment of pensioners within the scale authorised and on the conditions above provided that military pensioners are not obtained for recruiting work. There is also no objection in similar circumstances to the employment at the discretion of civil heads of District approved civilians as recruiters in place of military pensioners on the following conditions —

Pay of sepoy and free rations or money allowance in addition to batta, vide paragraph 90 of the Regulations, India, Volume-I. The men so employed should be under the control of the civil authorities.

Procedure as regards the requisitioning, buildings under the Defence of India (Consolidation) Rules, 1915

REQUISITIONING

Every endeavour should be made to avoid resorting to the Defence of India (Consolidation) Rules for obtaining buildings where private property is considered necessary for war purposes. Representation should be made to the Quartermaster-General India with a view to the sanction of the Government being accorded to action being taken under Rule 11-C (rules referred to above). Full particulars should be given as to the building it is proposed to requisition and the use for which it is required.

The views of the Local Government or Administration concerned should be obtained and recorded when forwarding

MAINTENANCE.

When a building has been requisitioned under the Defence of India (Consolidation) Rules, it will be taken over by the Military Works Services and will be treated by them in the same manner as if it were a Government military building.

The local Military Works Services will be responsible for the maintenance and repairs, and for the payment of the taxes up to the date that it is taken over. They will also pay the premiums necessary to maintain any fire insurance on the building in force when it is taken over.

Where there is no local Military Works Services arrangements will be taken over and maintained in a like manner by the local Public Works Department.

The Military Works Services, or the Public Works Department, as the case may be, should ensure that the requisitioned buildings are, as far as possible, maintained in as good a condition as when taken over.

COMPENSATION.

The requisitioning authority should call upon the owner of the requisitioned building to submit a claim for compensation. On receipt of the claim he should consider whether the amount

is just and reasonable, having regard to the building and any direct loss the owner in building having been taken over by Government that the building is being maintained by Government should then be forwarded to the Quartermaster with an expression of opinion as to whether it is reasonable, or not. The requisitioning authority, submit the name of an individual who, be a suitable arbitrator, in the event of Government arbitration. The person recommended should possess knowledge of the subject, in accordance of the Defence of India (Consolidation) Rules, and must be agreed to by the Local Government concerned.

If, for the settlement of compensation to owner of a requisitioned building, recourse is taken, the attention of the arbitrator should be drawn to the fact that the building is maintained, repaired as the case may be, at the expense of the State, and the same are also met by the State.

ASSESSMENT OF RENT.

Officers and others who are not entitled to be quartered at the expense of the State, when occupying buildings as private residences, should be charged in accordance with the India Army Regulations, and the maximum laid down for their rank.

If a requisitioned building is utilised as an office, whether the occupying department should be required to pay, and the manner in which rent, if any, shall be determined as if the building were a military property of Government.

437. Restoration of service for Indian Army in the case of officers who have forfeited such service owing to their failure to pass the prescribed professional examinations.

It has been decided that officers of the Indian Army who have shown themselves capable of performing efficient service during the present war may have restored to them the promotion which may have been forfeited owing to their failure to pass the prescribed examinations in peace, and may be placed in their regiments and in the general list of the Indian Army in the places to which they would have been entitled if they had passed the prescribed examinations. Consideration will be given to their merits, and restoration of service will be granted in every case to the approval of the Government of India. Officers who have been gazetted as service restored by virtue of good service during the present war.

Applications should be submitted through the usual channels to the Military Secretary to the Commander-in-Chief, and contain full details of the circumstances in which the service was originally forfeited and of the service of the applicant in the Indian Army during the present war by virtue of which restoration is claimed.

438 Eligibility of members of the Indian Force for the Volunteer Officers' Decoration and the Volunteer Long Service Medal.

With the approval of the Right Hon'ble the Secretary of State for India, it has been decided that service in the Indian Defence Force shall count as qualifying service for the Volunteer Officers' Decoration and the Volunteer Long Service Medal only in the case of those members who served in the Indian Defence Force prior to the formation of the Indian Defence Force.

2 In the case of the Volunteer Long Service Medal, a year's extra-efficient service in the Volunteer Force will count as 1½ years' towards the qualifying period as prescribed in 57, Army Regulations, India, Volume IX.

3 Service in the Indian Defence Force will not count as qualifying service for either of the above mentioned decorations in the case of those who enrolled for the first time subsequent to the formation of the Indian Defence Force.

508 Status and functions of the officials employed in connection with the recruitment of technical and skilled personnel for service overseas

The recruitment of technical and skilled personnel for overseas, which was originally controlled by the Railway Department (Railway Board), is now carried out by the officials below under the direction of the Adjutant General in India.

Assistant Adjutant General (Technical) (late Superintendent of Recruitment) All communications hitherto addressed to the Adjutant General in India should in future be addressed to the Assistant Adjutant General in India.

Technical Recruiting Officers (late Deputy Superintendent of Recruitment) are executive officers working directly under the orders of the Adjutant General in India and are in a similar position to Divisional Recruiting Officers. They undertake actual recruitment and despatch to Depots of all classes of technical and unskilled labour and are responsible that the recruits obtained have the qualifications necessary for the posts for which they are engaged.

Assistant Technical Recruiting Officers (late Assistant Intendants of Recruitment) — Their functions are similar to those of Technical Recruiting Officers.

Chief Recruiting Officers (Railways) are Railway officers who have undertaken the duties of unpaid Recruiting Officers in addition to their Railway work. They recruit and despatch to Depots of all classes of technical and unskilled labour as may be required. These officials correspond with the Adjutant General in India on recruiting matters and their functions are carried out in accordance with the latter's orders.

Officers Commanding Railway Training Camps are in the same position as other Depots. They are all Units for the recruitment of technical and unskilled labour and transfer from Depots or camps under the orders of the Adjutant General in India. For the purposes of administration, the camps are under the orders of the General Officer Commanding, but on matters concerning recruitment the Officers Commanding communicate direct with the Adjutant General in India.

The primary function of the camps is to receive labourers and train them in railway construction as permanent way men.

is invited to Army Department letter dated the 21st April 1915, and No H-2798, 1916, under which local administrative officers sanction, during the period of the war, under powers, charges on account of conveyance expenses performed on duty in cases which are not precise regulations

2. It is unnecessary and impracticable to define exhaustively the journeys in respect of which conveyance may properly be sanctioned under the orders cited. The matter must be left almost entirely to the discretion of the administrative authorities concerned, and the main principle which should guide the latter is that their financial powers are exercised solely with regard to the interests of the Government. The following instructions are however, issued on the subject in respect of which doubt has actually been expressed —

- (a) It is not intended that the orders should apply only to cases of journeys on duty connected directly with the war. They apply also to all other cases of journeys on military duty which arise during the war.
- (b) It would not be correct to exercise the powers conferred by the orders for the purpose of paying for the daily journeys of an officer from his residence to his office or other place of duty in the same station.
- (c) All cases in which it is desired to grant fixed conveyance allowance, including motor car allowance, should be referred to Army Headquarters for the orders of the Government of India.
- (d) In cases where travelling and detention allowances are admissible under regulations payment of excess of the travelling allowance or detention allowance admissible should not be authorised unless the competent financial authority specifically relax a travelling allowance rule, for example in the case of a journey performed by motor car between places which are connected by rail.

3. It will be the duty of the audit officer to bring to the notice of the Government of India any instance in which he considers that there has been a breach of the intention of the orders cited in paragraph 1 above.

510. Allowance for officers' children

With the approval of the Right Hon'ble the Secretary of State for India, it has been decided that, with effect 1st October 1917, and for the remaining period of the war, the allowance shall be issuable to regimental officers

British Service in receipt of command allowance pay as Captain

tenant, or 2nd-Lieutenant, at the rate of £2 per mensem for each son under the age of 18, and each unmarried daughter under the age of 21, up to a maximum of £8 per mensem for each child. An allowance of £1 per mensem for each child will be issuable under the same conditions to regimental officers of the Indian Service in receipt of Indian rates of pay as Captain when in receipt of command allowance.

2 Regimental honorary commissioned officers will be entitled to a higher rate of allowance, i.e., £2 in respect of each child under the age of 18, and £1 in respect of each child under the age of 21, up to a maximum of £8 per mensem, irrespective of rank.

3 Payment will be limited to legitimate children and children together with any other children of officers having been in the ranks who under the rules applicable to soldiers' families were then eligible for separation allowance.

Claims on account of children adopted prior to the 1st October, 1917, and not provided for above, should be for the local Controller of Military Accounts for submission to the Government of India.

Claims on account of children adopted between the 1st October, 1917, and the date of this Instruction may also be put forward for special consideration.

4 An officer with more than four eligible children entitled to claim the allowance for any four of his children is eligible.

5 In any case where a compassionate allowance for a child is payable from public funds, the allowance shall be payable from public funds.

6 The regulations for either the compassionate allowance or the children's allowance, whichever is the greater, shall be required to furnish information as to any such compassionate allowance issuable for children in respect of whom a claim has been submitted for an allowance under these regulations.

7 Payments will be made until children attain 18 in the case of sons and 21 in the case of daughters.

... and officers (including the of Officers) and officers holding temporary missions in the British Service in India Mesopotamia.

It has been decided, in supersession of India Army Order of 1917, and Army Department letter No. 1960, dated the 9th January 1917, that the following revised rules shall govern the of sick leave to officers of the Special Reserve and Territorial Force re-employed retired officers (including the Reserve of Officers) and officers holding temporary commissions in the British Service in India or Mesopotamia:—

(A.) *Whether the disability is caused by the performance of military duty or not.*

An officer, who on being invalided, whether in India or Mesopotamia, is found to be permanently unfit for general service, will be despatched at the earliest opportunity to England. In his case will be dealt with by the War Office. An officer in this category who is entitled under existing orders to full pay for three months while sick or wounded will continue to receive full pay for that period, but if it is decided to retire him before the end of the three months, the full pay will cease from the date of his being gazetted out. Other officers will, from the date of being declared permanently unfit for general service until their cases have been disposed of by the War Office, be placed on leave on medical certificate and will be eligible for pay under the provisions of paragraph 343, Army Regulations, India, Volume I, i. e., while on leave out of India pending settlement of his case, the officer will receive British rates of pay only, and while on leave in India pending embarkation, Indian rates of pay.

(B.) *When the disability is caused by performance of military duty*

An officer temporarily unfit for general service by reason of a disability contracted through the performance of military duty, as certified by a medical board, is eligible for sick leave up to 12 months [or 18 months under Article 305 (2), Royal Warrant]. The rates of pay of officers granted leave under this rule will be governed by the provisions of paragraph 343, Army Regulations, India, Volume I, i. e., if leave is taken out of India the officer will receive British rates of pay only, and if taken in India, Indian rates of pay.

The issue of pay during sick leave being subject, under British regulations, to there being a probability of the officer's

return to duty, it must be understood that the cont of pay for the maximum period is conditional upon the not being previously retired. An officer who is entitled existing orders to full pay for three months whi or wounded will receive such pay for the first three mo lieu of the rates otherwise admissible under this rule

(C) When the disability is not caused by the performance of military duty

An officer temporarily unfit by reason of a disability not by the performance of military duty may be allowed sick with pay up to a maximum of three months. At the ex of three months, or earlier if it appears to the medical board the officer will not be fit to rejoin for duty, he will be sent to a hospital where his case

the provisions of the Army Regulations, India, volume I, & c, if taken out of India the officer will receive British rates of pay and if taken in India, Indian rates of pay

The above rules do not apply to officers of the cat mentioned holding commands and staff appointments of tenure as laid down in Army Regulations, India, Volume I, paragraph 206. The cases of such officers so long as the these appointments will be dealt with under existing regulati

Prisoners of War—Instructions to Military Courts Assembled for the Trial of Prisoners of War.

Army Council Instruction No. 1209, dated 2nd August 1917.

1. In the case of *German combatant* prisoners of war the *maximum* punishment for the undermentioned offences is as stated below

<i>Offence.</i>	<i>Maximum Punishment.</i>
(a) Simple escape or attempt to escape (for the first or any subsequent offence) ..	14 days' military confinement.
(b) The above offence combined with any other punishable offence consequent upon or incidental to such offence in respect of property, whether in relation to the appropriation or possession thereof or damage thereto ..	2 months' military confinement.

2 Subject to the above the following general instructions are issued for the guidance of military courts assembled for the trial of .. . contained in them must be considered by the court to pass any legal sentence whether in accordance with these instructions or not, if, in their opinion, there is good reason for so doing.

<i>Offence.</i>	<i>Punishment.</i>
(a) Breach of discipline ..	Not exceeding 56 days' military confinement (see Note A. below).
(b) Escaping or attempting to escape (except in the case of <i>German combatant</i> prisoners of war) (see para 1).	Not exceeding 112 days' military confinement (see Note A. below).
(c) Serious breach of discipline or insubordination not accompanied by violence or which does not constitute mutiny.	Not exceeding 168 days' military confinement (see Note A. below) or imprisonment with hard labour according to the gravity of the offence

- (d) Mutiny, or any offence Any punishment accompanied by violence. creation of the

In case of repeated acts of the same kind, punishment is proportionately increased.

(NOTE A.—In the case of civilian prisoners of war without hard labour will be substituted for confinement, see para. 5)

3. The only sentences that may be passed are—

(a) Death.

(b) Penal Servitude.

(c) Imprisonment with or without hard labour

(d) Military confinement

4. An officer should not be sentenced to undergo punishment unless convicted of an offence of exceptional gravity.

5. Military confinement, which will be carried out in detention under military control, can be inflicted on combatant prisoners of war. It is inapplicable to civilians. Imprisonment without hard labour is a corresponding punishment. If inflicted on civilians it will be inoperative as commuted to imprisonment.

6. No punishment except military confinement without hard labour in the case of civilians may be imposed for an escape or attempt to escape.

7. A copy of these instructions is to be laid before courts.

8. A.C.I. 182 of 1917 is cancelled.

**Copy of a letter from the Secretary to the
 ment of India, Army Department, to the Adj-
 tant General in India, No 2131, dated Delhi,
 13th February 1917.**

I am directed to convey the approval of the Government of India to the following rules relating to the disposal, on return to India, of convicts who have been enrolled for service Mesopotamia :—

- (1) Convicts returned for misconduct should be handed over to the local civil police authorities at the port of disembarkation, in the case of Bombay to the Commissioner of Police, Bombay, and in the case of Karachi to the Deputy Superintendent, Criminal Investigation Department in Karachi, and transferred thence to their original jails under civil arrangements
- (2) Convicts invalided for sickness or other causes will be treated as free men except that they will not be given leave from the Convalescent Section, which is combined with the Depot, and will be sent on service again when they are pronounced fit, if the period for which they were enrolled has not expired
- (3) Convicts who are pronounced unlikely to be fit within a reasonable time should be discharged by the Officer Commanding the Depot in communication with the head of their Civil District. The convict will be given by the Officer Commanding the Depot a warrant for the railway journey home, and if other precautions are necessary to secure him returning to his destination, the District Officer will be responsible for arranging for the same
- (4) In the event of a convict being discharged before recovery of the whole or any portion of the amount granted him as an advance of pay has been effected, the amount unrecovered should be written off —

APPENDIX 74 (See A I I 467)

Army Council Instruction No 1733 of 1916

Temporary appointments in the Military P

1 With a view to simplifying the administrative matters in connection with temporary appointments in the Police it has been decided that soldiers selected from it (except Household Cavalry) for these appointments during continuance of the war shall be temporarily transferred to the Corps of Military Police, instead of being attached as such. This procedure will come into operation 14 days from the receipt of these instructions by G O's C-in-C

2 During their service with the Military Police they shall continue to draw their former rates of pay (including proficiency and service pay), and will come on to the normal rates of pay when they return to the Military Mounted, or Foot Police, provided in Article 8 of the Warrant

3 Any promotion given outside the present establishment while serving in the Corps of Military Police shall be given in acting rank only

4 Soldiers so temporarily transferred who become re-established in their former units at the end of the war will be retransferred to their former units at the end of the war, or at any earlier date if the Army Council may direct and, on such retransfer, will continue to draw the rank and rates of pay of which they were in receipt at the time of transfer (including proficiency pay, or service pay)

5 An entry should be made in the man's documents that he has been temporarily transferred under the conditions of A I I 1733 of 1916

6 Once a transfer becomes operative it is not proposed to allow a soldier to be transferred except on very special grounds, and therefore any soldier who wishes to rejoin his former unit must either bring forward good reasons for wishing to rejoin or is not considered a suitable man for inclusion in the Military Police (especially men fit for Home Service). Such cases should have their cases dealt with immediately

Circular memorandum No. 10-B, dated the 18th April 1918, from the Director-General of Military Works to the General Officers Commanding, Commands, Divisions and Independent Brigades

With reference to Army Department letter No 31044-4 (Q.M.G.-8), dated 7th July 1917, the following specification should be followed when providing ration stores for Indian troops :—

- (a) *Plinth*.—To be 1' minimum height at the inner edge of the verandah, and constructed of burnt brick (or stone) in lime.
- (b) *Superstructure*.—To be of burnt brick (or stone) in lime to a height of 3' above floor level; and above this of burnt brick (or stone) in mud. The interior and exterior to be lime pointed and the interior to be whitewashed.
- (c) *Floor*.—To be of stone slabs or brick flat laid in lime mortar on 3" concrete. Where slabs or bricks are not obtainable, cement concrete floors may be given.
- (d) *Roof*.—As required to exclude rain and keep the store cool enough.
- (e) *Joinery*.—Double 2-leaved doors to be provided; the outer to be battened and the inner of wire gauze. Windows to be glazed and provided with iron bars, if necessary. Wire gauze to be fixed on the outside of window showcuts.
- (f) *Ventilation*.—Ventilating gratings to be provided near floor level, with suitable ventilation in upper portion of superstructure which must be fly-proof.
- (g) *Fittings*.—Shelves and trestles of wood or reinforced concrete to be provided, as required, as fixtures.

NOTE.—Copies of this circular have been sent direct to the Commanding Royal Engineers of Divisions and Assistant Commanding Royal Engineers of Districts and Independent Brigades.

TRANSFER OF THE ROYAL NAVAL AIR SERVICE AND ROYAL FLYING CORPS TO THE ROYAL AIR FORCE.

Air Force Memorandum No.

This memorandum

order to give officers and g Services a general view together with a statement

PROCEDURE FOR CONSTITUTION OF THE AIR FORCE.

1 The Air Force (Constitution) Act, 1917, provides that any officer warrant officer petty officer, non commissioned officer or man who, on a date to be prescribed belongs or is attached to the Royal Naval Air Service or the Royal Flying Corps, may be transferred or attached to the Air Force without his consent. This date will be fixed by Order in Council.

2 It is also provided that any person transferred or attached may, within three months from the time when he receives notice of such transfer or attachment or such longer period as in any particular case the Air Council may allow, give notice to his commanding officer that he does not desire to be so transferred or attached, and in that case the transfer or attachment is to be annulled without prejudice to the validity of anything which may have been done in the meanwhile.

3 The date from which transfer or attachment takes effect will be fixed by an Order of the Air Council which will be made with the consent of the Admiralty and Army Council and will be promulgated in the various commands theatres of war and countries overseas where members of the flying services are serving. Transfer or attachment will take effect on the date prescribed in the Order of the Air Council. The period of three months referred to in paragraph 2 will run from the date of the Order of Council until after

4 The Act provides that any person will become subject to the Air Force Act from the date of their transfer or attachment to the Air Force.

5. The Act provides that the duration of attachment to the Air Force shall be the period of the present war, or a period not exceeding four years, and that no person transferred shall be liable to serve with the Air Force

for any longer period than that for which he would have been liable had he continued in the Force from which he was transferred. Officer men attached will be kept for whichever period (duration of war or four is the longer).

*8. In the case of any person transferred to the Air Force, for the purpose of pay, pensions, gratuity, and retired or half-pay, and of any decoration or reward dependent on length of service any previous service with His Majesty's naval or military forces which would have counted as service towards pension, gratuity, retired or half-pay, or such decoration or reward if not been so transferred, will be deemed to be service with the Air Force towards pay, pension, gratuity, retired or half-pay, or such decoration or reward.

*7 In the case of any person attached to the Air Force, the following provisions shall apply:—
If a person is attached to the Air Force from any other branch of His Majesty's naval or military forces, his service in that branch shall be deemed to be service with the Air Force for the purpose of pay, pension, gratuity, retired or half-pay, or such decoration or reward as he may be entitled to in respect of his service with that branch of His Majesty's naval or military forces to which he belonged at the date on which he was so attached.

attachment

7A. Every officer or man serving in the Air Force will, if medically fit, be liable to be called upon to go into the air, either in airships, aeroplanes or kite balloons.

7B. Every officer or man serving in the Air Force will be liable to be ordered to any station, at home or abroad, if considered medically fit for such service.

GENERAL RULES AS TO EMOLUMENTS—ALL RANKS.

8. The future as to the prospects of individuals must be reserved to the Air Council to determine (such as allowances) which are not taken as a governing principle that no man is to be transferred to the Air Force by reason of transfer to the Army or Army immediately before transfer; required to relinquish his temporary or acting rank under the existing rules of the Services. Nor will officers or men be transferred to the Air Force on the basis of the

the Air Force. Officers and men who are merely lent, as a purely temporary measure, to the Air Force, are not dealt with in this pamphlet.

9. *Scales of pay.*—The rates of pay of officers and other ranks in the Air Force are set out in Appendices IA, IB, IC, and IIA, IIB, IIC, which also show the corresponding ranks and appointments in the existing Flying Services.

All officers who are transferred or attached to the Air Force will (subject to para. 8) be paid at the rate of pay to which they are entitled in the Service to which they are transferred or attached, which they will continue to draw when they return to that Service. Officers who are transferred to the Air Force will be paid the pay of which they are entitled to the Air Force.

10. *General rule as to allowances.*—Allowances generally will be at Army rates and under Army regulations. These allowances will be reviewed from time to time as may be necessary, to adapt them to the circumstances of the Air Force. Typical rates are shown in Appendix III, as a general guide. Navy allowances (other than separation allowance) will apply in the case of officers and men while actually borne on the books of His Majesty's ships.

11. *Officers' Children's Allowance.*—This allowance will be issuable during the war at the same rates and under the conditions already authorised. (See Appendix III.)

12 Separation Allowance, Men—Separation allowance will be at Army rates.

Appendix III shows how the allowances in the case of men from the Navy will be adjusted on transfer.

13 Disability Pensions—These are administered by the Pensions. The general position is that no officer or man will lose present rank on transfer.

14 Pensions for Length of Service, Half pay, etc—See page 10. Details of pensions for length of service, of half pay, etc. have finally settled but a general guarantee is given that pension rights on a permanent commission or men on a regular engagement transferred to the Air Force will be at rates not less favourable than can be earned in the Navy and Army.

15 Income Tax—Steps have been taken to secure for officers of the Air Force Income Tax reliefs similar to those granted by Finance Acts to members of the naval and military forces.

These reliefs include reduced rates of tax exemption where income does not exceed £160 an abatement allowance of £160 where income does not exceed £300 etc.

16 Prize Money and Prize Bounty—Officers and men of the Navy and R.N.A.S. are entitled at the date of transfer or attachment to the Air Force, to prize money under the regulations which may be applicable. Distribution will not be forfeited by such transfer or attachment.

17 War Gratuity—The position of officers and men transferred or attached to the Air Force will not, by reason of transfer or attachment, be altered as regards any claim they may have had to participate in any war gratuity, the issue of which is mentioned by His Majesty's Government.

CONDITIONS APPLICABLE TO ALL OFFICERS

18 All officers transferred or attached on the formation of the Air Force will be placed on a gradation list which will fix their seniority in the Force.

In drawing up the Gradation List consideration has been given to permanent, temporary or honorary rank held by each officer.

In the case of officers holding permanent commissions in the Army, the permanent rank has been the first basis. Certain adjustments, however, have been made in cases where officers have been advanced to a rank more than one grade or have held temporary rank (while holding permanent rank) for a certain period.

In grading temporary officers consideration has been given to their acting rank, whether gained in the R.N.A.S. or R.F. branches of the Services. Unless for exceptional reasons, those who held their present temporary rank for more than a certain period will retain the rank held, and given temporary rank of the next present grade.

Owing to the difference between old and new ranks and rates, it has been found that certain officers, if graded in their

... than those in these cases

 promotion of the
 Force

In certain cases the Air Council have made special promotions to meet the needs of the Air Force on its formation

The list has been compiled by the senior officers of the two Services, and

list, and attention should be drawn to these through the usual channels

19 All officers (other than those under instruction) who are transferred or attached to the Air Force from the Navy or Army, will, in order to give them authority under the Air Force Act, receive temporary commissions in the Air Force for the period for which they are transferred or attached

20 In the event of the services of an officer attached to the Air Force proving unsuitable, the Air Council may arrange with the Admiralty or Army Council for his return to his original service

21. A limited number of permanent commissions in the regular Air Force will be given to such officers (whether transferred or attached) as apply for, and are selected for, permanent transfer

CONDITIONS APPLICABLE TO SPECIAL CATEGORIES OF OFFICERS

22 Officers of the following categories, viz —

* These rates are subject to deductions when the officer is provided with public quarters.

† Including Instructional Officer, non-flying and non-technical.

‡ Subject to graduation as Pilot, up to which time 4s. will be drawn.

NOTE.—"Service in the rank" in the above table (in the case of officers joining from the existing services) means service in the appointment of a 2s service in the rank in another arm of the service (would not reckon, nor would service given in a Flying Services appointment carrying a lower rank).

2. The rates for Staff Officers are shown as consolidated only, but it may be necessary to arrange that the emoluments of Staff Officers abroad shall be in the usual form of ordinary pay and local allowances.

3. Special inclusive rates of pay for certain classes of temporary officers, such as those of the Royal Naval Air Force, are to be determined by the Admiralty.

4. Similarly, existing quartermasters, if transferred, will continue at existing rates, unless appointed to an Air Force rank.

5. Flying pay is not issuable to officers on consolidated rates, but the regulations governing the issue of flying pay will continue subject to any necessary modifications in detail. Details will be published in Air Force regulations due course.

6. The existing rights of Reserve officers of the Flying Services to the grant of £150 for each year of service will continue, as also will the right of temporary officers of the Army to the gratuity based on length of service under the Pay Warrant.

7. The pay of officers will be issued in arrears. In order to overcome any difficulty in the payment of arrears, the agents for the Air Force will, on request, for a period not exceeding six months, without interest

8. The following firms have been appointed Air Force agents for the issue of pay and allowances to officers of the Air Force:—

Messrs. Cox and Co., 19, Charing Cross, London, S. W., for Staff and Flying Branch.

Messrs. Holt & Co., 3, Whitehall Place, London, S. W., for Technical and Administrative Branches.

The present practice of issuing the pay of R.N.A.S. Officers through Naval Paymasters will cease. Instructions will shortly be issued for general guidance as to the opening of individual accounts with Air Force agents and as to the time and method of giving effect to the change referred to in para. 7.

9. The issue of allowances to officers of the Air Force will be dealt with by the Admiralty. The half of Naval Officers' pay which is issuable for officers to make payments in respect of their families will continue to be paid by the Admiralty.

10. A certain number of R.F.C. Officers performing non-technical administrative duties were graded on appointment or promotion as E.Os. or Park Commanders. Such officers will, under the new regime, be appointed Administrative Officers, and be paid as such, subject to reserved rights to existing rates of pay if higher.

11. Commissioned Warrant Officers and Warrant Officers of the Navy come over as commissionary officers of the Air Force. They are at present entitled to (Navy) rates of separation allowance and in some cases to store allowance, and as their pay in the Air Force plus officers' children's allowance may be less than their total Naval emoluments, their case will be dealt with as follows. Where the total Air Force emoluments are more beneficial, they will be drawn. Where they are less beneficial the officers will continue to receive the Navy pay and separation allowance, etc., which they are at present drawing. When for any reason the Air Force emoluments become more beneficial, e.g., on promotion, the Navy emoluments will be finally cancelled.

If the amount now being received by the dependant is greater

no amount due under Army rules shall be paid to the dependant, but only 1s. 6d. of it will be charged against the case of a man whose dependant has been receiving 10s. or

charged against the man's account, but whose dependance allowance rules turns out to be only 10s 6d, i.e., the amount of the pre-war In that case 16s. will continue to be assessed, 10s 6d will continue to be paid by public funds as hitherto, and 5s 6d will be charged against account

Thus in many cases there will be a clear gain to the man or to his dependants, and in no case will the amount paid from public funds Ministry be less than the amount which they are now entitled to be paid by public funds by the Admiralty or War Office

It should be clearly understood that the re-assessment of allowance, in cases where any increased benefit is due, will take considerable time. Until the rate has been re-assessed the allowance will continue as at present. When the new rate has been fixed the benefit (if any) will take effect for the future, and the man (or any) will be made good to the man or his wife or

568 Coupon system of accounting for bread issued on payment

It has been decided to introduce, as an experimental measure for two years, the coupon system of accounting for bread issued on payment to those persons entitled thereto and on whose behalf credits are not made through the public accounts.

2. The system will be worked on the following lines —

- (i) coupon books of 48 coupons each will be printed locally and sold at a price to cover the number of loaves which the book represents, together with an addition of two annas to cover the cost of printing which will be treated as a bakery contingency;
- (ii) a coupon will represent a loaf of bread, so that, if the price of bread changes, the coupon will still be exchangeable for neither more nor less than one loaf, the value of the coupon being the value of the loaf at the time the coupon was issued; the value of the coupon when refunded will be the value of the loaf at the time the coupon was refunded; the value of the coupon when original covers in which purchased;
- (iii) the proceeds of the sale of coupon books will be credited monthly to Government;
- (iv) the coupons handed in in return for loaves will be destroyed by the supply officer, a certificate of the number destroyed being attached to the bakery return in support of the strike off of bread;
- (v) at the end of each year the Military Accounts Department will apply a check to see that the number of coupons

663. Formation of a base postal depot at Bombay.

Sanction has been accorded to the formation of a Base Postal Depot at Bombay, with effect from the 1st June 1918. This office will work independently of the General Post Office, Bombay, and will be controlled by a commissioned officer with the designation of Officer Commanding, Base Postal Depot.

The officer will be attached to the staff of the Embarkation Commandant, Bombay, but will, as regards departmental matters, receive instructions direct from the Director-General, Posts and Telegraphs. He will be authorised to correspond direct with the officers detailed in Appendix 106 to these Instructions.

2 The Base Postal Depot will deal with all correspondence for troops serving overseas with Indian Expeditionary Forces. It will also maintain, in communication with the Embarkation Commandants, Bombay and Karachi, alphabetical lists under the Card Index System, of all British details arriving in India en route to or from these Expeditionary Forces, and will keep all addresses in these lists complete up to date.

Question of the eligibility of civil officers appointed to the Indian Army Reserve of Officers for Presidency house rent.

has been decided that civil officers appointed to the Indian Reserve of Officers who elect to be paid at civil rates are not to be paid Presidency house rent which is a concession intended only for officers on military rates of pay. They are, however, when employed on censorship duties in India, to be paid the (local) allowance admissible under Army Department letter No. 221, dated the 22nd April 1918 (Appendix 114 to these Instructions) when they fulfil the conditions laid down in paragraph 10 of the orders, as well as to any benefits under House Allowance which civil officers of like standing are eligible to. Outstanding cases should be disposed of in accordance with the orders.

cal installations in Military Works
buildings including (a) installations
owned by occupants, and (b)
by occupants and owned by Electricity
Companies**

(1) The installation shall be erected in accordance attached specification, schedule, plan, and estimate. No is to be made without the sanction of the Chief F-Command.

Note.—The estimate is to be divided into 3 parts—

I. Fixtures,

II. Fittings

(2) The installation is to be erected and conformity with the wiring rules of the Institution of Engineers and to the satisfaction of the Assistant Com. Royal Engineer, as regards workmanship, materials, risk, etc.

If the installation is not so erected or maintained the Assistant Commanding Royal Engineer may call on the owner remove the installation and make good all damage to the building to his satisfaction within one week of the receipt of orders to that effect

(3) If the owner desires to remove the fixtures, one month notice in writing must be given to the Assistant Royal Engineer in order that he may decide whether Government wish to exercise their option of purchase (vide paragraph 4).

4 The Government of India are to have the option to purchase either the fixtures or the complete installation at any time at a price to be fixed by agreement.

5. If the fixtures are removed the owner shall make good all damage to the building, etc., to the satisfaction of the Assistant Commanding Royal Engineer, within one week of the removal or alternatively shall pay the actual cost of so making good to the Assistant Commanding Royal Engineer. The owner shall also remove any poles, cables, or external wiring which may have been erected for the service line, and make good damages after the removal.

Government of India undertake no financial responsibility in connection with the installation. They should good any loss the owner may suffer owing to the deterioration of the building, to accident, to non occupiers, or to non payment of rent or charges for occupants.

be bound by the above conditions and request may be given to the erection of the installation.

Signature of owner

The term "owner" as used above means the owner of the building in case (a) where the owner installs and pays for the installation outright, means the Supply Company in case (b) where the owner arranges with the Supply Company for an installation on the hire system, the installation remains the property of the Supply Company.

As a rule the value to Government of the fixtures they stand will be considerably greater than the value to the owners of the materials less the labour of dismantling and making good, and therefore there should be no difficulty in arriving at a mutually satisfactory price in the event of purchase of the installation by Government under clause (1).

APPENDIX 102 (See A I I 628)

ment letter No 59, dated the 2nd
January 1918

1 to refer to Army Department letter No 14605,
September 1917, and to say that, in supersession
of the orders contained in that letter, with regard to the grant of
pensions to the heirs of labourers, mates, porters and follow-
and Porter Corps recruited for service overseas
in Europe, the Government of India sanction the
following provisions —

Grant of gratuity of Rs 500, instead of a family
pension, to the heirs of men who die from any cause
while in active service or who, within one year of their
return from active service, die of disease attribut-
able to such service

Grant of a gratuity of Rs 150 to the heirs of men
who die after enrolment, but prior to arrival on active
service, die from any cause attributable to the con-
dition under which they are serving

Death and injury pensions will be admissible as at
present

In application of these orders, "active service" shall
mean from the date on which the men embark up to
the date they disembark in India. In the case of men
but employed
volunteers, "active
service" shall mean from the date of departure from the base
to the date of departure from the base

Men enrolled under existing family pension conditions
shall have the option of electing for the terms at (a), (b),
if the pension conditions admissible at present,
this option is exercised before the 1st March 1918 and
it is kept showing that each man has been given the
opportunity of making his decision in

**Army Department letter No. 1678, dated
February 1918**

It has been represented that many men fit to service are employed in miscellaneous appointments in Divisions in India as orderlies, clerks, packstons. Duties of this nature could almost without exception be performed by men unfit for active service or by prisoners. In cases where colour men who are unfit for cannot be detailed for such appointments, the Government have sanctioned the employment of suitable re-enlisted to perform these duties on the following terms —

- (1) Pay of rank, *plus* pension.
- (2) Free rations, compensation for dearness of ration allowance, whichever is admissible to the station in which the men are employed
- (3) Good service or good conduct pay as leaving the colours
- (4) Clothing as laid down for embodied reservists

2 Pensioners should not be re-enlisted for these if unfit men who can be detailed are available in depôts or units.

3 The incidence of the expenditure will follow that of charges of the appointment which may be filled by a pensioner in each case. Thus if he is employed as a clerk office the charges of which are debitable to grant 1, or in appointment the charges of which are debitable to grant 4, his pay and allowances should be debited to these grant heads, and other expenditure connected with him should be charged to the ordinary grant and head of account. If on the other hand, he is employed as an orderly in replacement of a man whose pay was included in the pay charges of Indian regiments, or in an appointment (*e.g.*, in a war hospital) the pay charges of which are debitable to the Imperial Government, his pay and allowances will be so debited, the other expenditure connected with him being charged to the ordinary grant and head of account.

INSTRUCTIONS (INDIA)

1918.

2nd July.

Procedure for regulating the pay of officers serving under the War Office or with Indian Expeditionary Forces, with reference to India Army Orders Nos. 984 and 1280 of 1917.

To the Field Account Officers and the India Office to regulate the pay of officers with reference to India Army Orders No. 1280 of 1917, it has been decided that Officers in all units will, with retrospective effect from the commencement of the war, take into account the position of officers when in the field service and on the Home establishment when they have been or are made in the unit, and the effect of these orders will be published in regimental part II Orders. It should be noted that the position of an officer, whether serving with any Force or under the War Office, should be clearly stated in part II Orders.

In the event of such orders, the Divisional Disbursing Officer should send a copy thereof, if in order, to the Field Account Officer, with a certificate to the effect that the conditions of Order No. 984 of 1917, have been fulfilled. If a Divisional Disbursing Officer is concerned both with the officer and his unit, he should adjust the officer's dues himself.

In the case of an officer on the Home establishment, the Divisional Disbursing Officer or the Divisional Disbursing Officer of the officer's unit should communicate the necessary orders to the India Office.

ulations governing the promotion of officers of the Indian Army Reserve.

en decided that the following rules shall govern the officers of the Indian Army Reserve, in supersession contained in Army Regulations, India, Volume II, I, paragraph 18 —

vided that he is recommended, an officer of the Indian Army Reserve will ordinarily be eligible for promotion as follows —

From Second-Lieutenant to Lieutenant, after one year's service for promotion

From Lieutenant to Captain, after three years' service as Lieutenant

From Captain to Major, after eleven years' service as Captain.

From Major to Lieutenant-Colonel after a total of twenty six years' service for promotion

above rule applies to an officer of the Special Reserve, Territorial Force or New Armies, who joined the Indian Army Reserve in the rank that he held in his original unit and to an officer who is granted accelerated promotion for proved ability in the field. It also applies to an officer of the Indian Army Reserve, Cavalry Branch, who joined prior to the publication of India Army Order No 303, dated the 7th June 1915, and was promoted to the rank of Lieutenant on being posted to an Indian Cavalry Regiment in the field

officer who was promoted under the time scale introduced by India Army Order No 405, dated the 16th April 1917, with effect from the 1st September 1915, is eligible for promotion to Captain after three years' service as Lieutenant, and from Captain to Major after eleven years' service as Captain, or after a total of four and fifteen years' service for promotion, respectively, whichever is the earlier date. This rule applies also to an officer appointed to the Indian Army Reserve in the rank of Lieutenant, under the terms of India Army Order No 1058, dated the 24th September 1917

officer of the Indian Volunteer Force or Indian Defence Force, appointed to the Indian Army Reserve in rank of Lieutenant is eligible for promotion to Captain after three years' service in the Indian Army in the rank of Lieutenant, provided that

III.—MEDICAL PERSONNEL.

The following instructions apply to enemy medical, all nationalities —

(1) Officers

Medical officers of an enemy army or navy on full time they fell into the hands of the British forces to be regarded as prisoners of war, but if military demand it, they may be temporarily detained in captivity. They will be given the same pay as is given of corresponding rank in the Medical Service of the British Army. It is a condition of their payment that they continue to perform their duties as medical officers when and so long as they may be required to do so. They may be detained for service with the sick and wounded and may be sent to any place where their services are required. Officers in receipt of these rates of pay will not receive the cost of their rations, messing and clothing.

(2) Rank and file

(a) All members of enemy medical units and establishments (other than officers) shall, while in the hands of His Majesty's Government, receive pay from the date of capture at the same rate as those in force for corresponding ranks in the medical service of the British army. That is to say, that a German medical orderly of the rank of private will receive the same daily rate of pay as a British private in the Royal Army Medical Corps, and a German medical orderly with ranks other than that of private.

(b) It is a condition of the payment of these men that they continue to carry on their duties as medical attendants so long as they may be required to do so. They may be detained for service with the sick and wounded and may be sent to any place where their services are required.

(c) In view of the fact that they receive free maintenance, food and clothing on the same lines as ordinary prisoners of war.

MEDICAL OFFICERS AND PRACTITIONERS OF ENEMY NATIONALITY

medical officers and practitioners of enemy are interned in prisoners of war camps in India to be treated as prisoners of war and are not to be employed except in the circumstances mentioned below required to exercise their profession for the benefit of prisoners

■ adequate medical attendance for prisoners of war in internment, arrangements should be made to employ the services of any medical men referred to in paragraph 1 above who are paid at British rates. Where such services are not available and medical attention is required and cannot be provided from the facilities already available in the circumstances where it is considered preferable to employ prisoners of war instead of British practitioners, the services of a prisoner of war who is a duly qualified medical practitioner or a volunteer for the duty at the rates of pay specified in paragraph 1, may be utilized for such period as may be

for the services in the case of persons under paragraph 1 at the rate of 12s 6d per diem without food and lodging. These rates will be made whenever the services of a prisoner of war who does not come within the description in paragraph III (1) above are utilized

It is understood that it is not the intention that these practitioners should be employed where officers of the British Medical Corps, Indian Medical Service or other medical officers are already being employed and cannot be employed without additional expense or greater expense

Applications for the employment of civilian medical practitioners should be submitted to Army Headquarters and not to the local authorities and no sanction should be issued to them until sanction from Army Headquarters is obtained

These orders will take effect from the 15th October 1914

when invalided from field service of individuals of the officer class temporarily employed under Government in military, marine, or civil departments in connection with the war, who do not receive military rank and who joined Government service during the war from private employment.

It is decided that the following rules shall govern the allowances of officers of the above category when on sick leave in the Expeditionary Force. —

Leave on account of sickness contracted on, and due to,

First 2 months' leave on the full pay and allowances drawn in the absence of being struck off duty. Thereafter leave up to a maximum of twelve months, on two-thirds of pay proper.

Second 2 months' leave on account of sickness not due to active service.

On the first instance for a period of two months on the full pay and allowances drawn before being struck off duty.

Leave will be in substitution for, and not in addition to, war leave or recreation leave of a few days' duration, if such war leave is granted to an officer of the class concerned.)

Leave for one month on two-thirds of pay proper. The officer responsible for granting leave may grant an extension to a further period of three months on two-thirds of pay proper, provided there is reason to believe that the extension of leave will render the officer fit to return to duty. All leave beyond six months will require the sanction of the Government of India.

In the case of officers in receipt of consolidated salaries, etc., including gratuity proper will be calculated as follows —

For salaries exceeding Rs 300, three-fourths will be taken as pay proper.

For salaries Rs 300 or less, two-thirds will be taken as pay proper.

Leave will not be admissible in cases of sickness due to the nature of the service or to other preventable causes.

These rules do not apply to subordinates of the same category as officers for whom special rules have already been laid down. They apply to temporary Royal Indian Marine executive and engineering officers; non-military personnel recruited for overseas service; temporary officers and engineers on prize steamers.

For the purposes of these rules "field service" includes service in occupied territories in Mesopotamia.

Under the procedure in force before the Income-tax 1886 was repealed, persons assessed on salaries and pensions part I of the second Schedule of the Act could obtain the all admissible under section 5 (1) (g) on account of insurance, by a reduction of the tax deducted from the salary bills to the premia receipts were attached. As however doubts have expressed in certain quarters whether under the new Act procedure can be continued, the Government of India, desirable, in order to secure uniformity of practice, to state view as to the position under Act VII of 1918.

2. Under section 15 the tax has to be deducted at the payment in respect of income chargeable under the "Salaries"; the employer or person responsible for paying salary has therefore to compute the amount of income chargeable. To do so he must make a reference to section 6 for a definition of the term "Salaries" and to section 12 for further provisions computing the amount chargeable. Consequently, he is correct in giving the allowance admissible on account of insurance premia under section 12 (2) provided the terms of the section are fulfilled, and similarly an allowance can be made at the time deduction of the tax under section 15 (2) on account of contributions to the provident funds mentioned in section 12 (2).

3. Where however the allowance on account of insurance is not deducted under section 12 (2), the allowance can be claimed and granted when an assessment is made under section 19.

of service of passed students of the Engineer Class of the Thomason College, who have failed to obtain guaranteed appointments in the Public Works Department who desire employment as Assistant Engineers on field service overseas or with the Military Works Services in India.

More than six students who have passed out of Rurki in subsequent years will be accepted for trial in the Military Works Services preference being given to those who have undergone practical training in the Public Works Department and who have since been unable to secure employment. Number on probation will, if suitable candidates are available, be kept up to six. Applications will be submitted to the Principal, Thomason College, Rurki.

Students will start on pay of Rs 100 per mensem if they have completed their practical training in the Public Works Department otherwise on Rs 200 per mensem.

Students will, whether practically trained or not, be on probation for six months, during which time they will be employed on technical engineering work for which they are best fitted and for which their services are most required.

At the end of the probationary period, should they be found fit for further retention in the Military Works Services, the District Engineer or Assistant Commanding Royal Engineer or an Independent Brigade will be empowered to dispense with their services on one month's notice or one month's pay in lieu of notice.

In case of misconduct, the officers referred to in Rule IV will be empowered to order their immediate discharge from the Military Works Services.

At the end of the probationary period the students will—

1. be discharged if they are not considered suitable for further employment in the Military Works Services or on field service, or

2. be offered appointments overseas as honorary Assistant Engineers on Rs 300 per mensem, or

3. be offered appointments in the Military Works Services as temporary Assistant Engineers on Rs 200 rising by annual increments of Rs 25 to Rs 475 per mensem.

preference to remaining with the Military
will be no objection to their doing so

VII On the conclusion of the probationary period, have the option of being discharged on their own application should they prefer not to continue with the Military Services, or to go on field service, but should they not exercise this option they will be required to sign I A F Z to which will be added the following clause at the end of the first article 2 of the form —

to which will be added the following clause at the end of the first

article 2 of the form —

' If for reasons other than inefficiency or misconduct desired to terminate the employment of the he shall be given three clear calendar months' notice in writing. If, however, it is desired to terminate employment on account of misconduct or misconduct he may be discharged at once or with such notice as the officer under whose orders he is may deem fit

Note—The reference to field service in Articles 1 and 2 of the form is omitted in the case of those students who elect to continue with the Military Works Services

VIII Having satisfactorily completed their probation and having signed I A F Z-2005 their pay is as follows—

(i) While employed on field service overseas from the date on which they embark, Rs 350 per mensem, plus consolidated, with the field service concessions granted to civilians of their class excluding ordinary field batta

(ii) While employed with the Military Works Department awaiting embarkation for field service, Rs 200 by annual increments of Rs 25 to Rs 475, per consolidated plus the local allowances of Assistant Engineers, 3rd grade of the Works Department, as laid down in the Works Department Code, Volume III, Appendix

IX It must be understood that service with the Military Works Services involves liability to be employed in India, Burma, Aden, and on the North-West Frontier at Aden is not regarded as service overseas for the purpose of scale of pay shown in rule VIII above, but these officers are entitled to the field service concessions granted to civilians of their class at Aden excluding ordinary field batta

PPENDIX 128 (See A 1, I 760)

Department letter No 4982, dated the 11th April 1917.

Government of India have recently had under consideration whether, when military officers recalled from civil volunteers and officers of the Indian Army on military service out of India (though not in course to draw their furlough allowances in India), these should be limited to Indian rates or may be calculated at rates reconverted at Rs 15 to the pound.

They say that with the approval of the Right Hon. the Secretary of State for India, it has been decided that in such cases allowances drawn in India may be calculated at Indian rates and converted at Rs 15 to the pound.

The effect of this decision is that when furlough allowances are paid to different minima according as they are paid in England, vide Article 314, Civil Service Regulations, the same shall be made in India at the latter rates converted into Indian rates at Rs 15 to the pound. In other cases payments will be made at the rate of 1s 6d to the rupee mentioned in Article 314, converted at the above rate.

To add that the present decision has retrospective effect in past cases of the kind and that it applies only to officers who are entitled to civil furlough pay while on service if they satisfy the other conditions mentioned.

**Army Department letter No.
dated the 27th March**

I am directed to refer to your letter No. C S.-5 dated the 28th January 1916, to the address of the A in India, enquiring whether the rules contained in (a) and (c), Army Regulations, India, Volume I, grant of prizes for regimental workshops and c be held to apply to units of the Territorial Force these units are eligible for the grants in question

2. I am to say that the Government of India that paragraph 624 (a), Army Regulations, Ind^d shall be held to be applicable to units of the T serving in India. The rule in paragraph 624 (c), A India, Volume I, is, however, not applicable to

**Army Department letter No 23254-I (A.)
the 23rd December 1914.**

I am directed to inform you that the Government have had under consideration the question of utilising to the extent possible the services of departmental officers of rank and warrant officers of departments and branches of Indian service (including the Indian Subordinate Department) during the present emergency, and are pleased to announce the following rules governing the conditions of service of such classes in question whilst employed on duties usually performed by commissioned officers holding substantive rank.

The extra expenditure involved will be met by His Majesty's Imperial Government and compiled under the War 1914—Debitable to His Majesty's Imperial Government. Other extra expenditure which would not have been incurred for the war.

RULES

1 When appointed to a position, usually occupied by a commissioned officer holding substantive rank, with honorary rank and warrant officers of departments and branches of the Indian Service will receive the same pay as if they held the substantive rank of the position to which they are appointed.

1st

Commissionary

Deputy Commissionary or Senior Assistant Surgeon (with honorary rank of Captain)

Assistant Commissionary or Senior Assistant Surgeon (with honorary rank of Lieutenant)

Conductor }
Sub Conductor } or Assistant Surgeon

2 On account of such appointment such officers will not receive any increase of rank.

3 As long as such officer holds such appointment, he will be regarded as seconded for pay and allowances and the man in his place shall get the full pay and allowances of the substantive rank of the position to which he is appointed. There will be no increase in rank on this account.

ing the time he holds such extra appointment he shall be advancement either temporary or permanent to a higher grade and can retain such extra appointment. If so to a higher grade he will become entitled to the consolidated down in paragraph 1 for an officer of that grade in a position usually occupied by a commissioned officer of the same rank.

In any case in which the rate of pay laid down in paragraph 1 exceeds by Rs. 50 a month the pay and allowances of an officer of the same rank at the time he is given such an appointment, a per diem allowance up to that extent may be granted at the discretion of the commanding officer.

APPENDIX 136 (See A. I. I. 838).

**Army Department letter No. 18933, dated
22nd December 1917.**

I am directed to inform you that in supersession of the in Army Department letter No 17292, dated the 20th 1917, the Government of India have decided, with the the Right Hon'ble the Secretary of State for India, that officer of the Indian Army invalided to South Africa Indian Expeditionary Force is prevented in certain circumstances from rejoining his unit immediately on the termination of leave, he shall be granted the full pay that he was drawing and during such sick leave, provided he is employed on duties after the termination of his leave pending India. Should an officer still remain on the sick list at the termination of the three months during which full pay is will be granted the full pay of his rank and half the staff his substantive appointment for a further period, up to a of six months.

Department letter No. 18351, dated the 12th December 1917.

Ordered to inform you that, with the approval of the Secretary of State for India, the Government of India decided that, when the gross military emoluments (including exchange compensation allowance) of an officer of the rank of Lieutenant, or Second Lieutenant, employed at Headquarters who has his family residing with him at a rate of less than Rs 900 per mensem, but more than Rs 750 per mensem, he shall be granted, as a temporary war measure, a compensatory local allowance to bring his gross military emoluments up to Rs 900 per mensem. When the gross military emoluments (including exchange compensation allowance) amount to Rs 900 or more per mensem or under, the compensatory allowance shall be nil. The compensatory allowance shall be Rs 150 per mensem.

The sanction will have retrospective effect from the date of the order.

The sanction of the compensatory allowance will follow the scale of the pay and allowances of the officer drawing the same. In the case of officers who are holding extra temporary appointments at Army Headquarters which have been created since the despatch of the Indian Expeditionary Force, the compensatory allowance will be debited to His Majesty's Government through the Controller of War Accounts. The compensatory allowance will be debited to the emoluments of the officer.

WAR OFFICE,

15th June 1916.

Temporary officers, Royal Army Medical Corps.
Conditions of issue of travelling allowance.

It is called to the fact that (apart from ration
allowance is ordinarily issuable to temporary
Army Medical Corps, drawing the daily rate of pay
being inclusive of all allowances, even though
detention at any given station may be very short. The
provisions as to travelling allowance will, for the
purpose observed.

The daily rate of travelling allowance is only issuable for
those officers who are actually travelling, and are not
commodated at the public expense.

When they happen to be temporarily detained at a
station at home or abroad, will be dealt with as

When the period of detention is expected to exceed eight
days, including night of arrival, no travelling allow-
ance is issuable.

When the period does not exceed, or is not expected to exceed
eight nights, nightly travelling allowance may be

War Office Circular Memo. 14-Gen. No. of 23rd September 1916, addressed to Command Paymasters at Home and abroad.

It having been brought to notice that some practice exists with regard to the payment of travelling officers proceeding to or returning from stations (India), the following rules will be observed in that any risk of double payment may be obviated:—

Outward Journeys—

- (a) Officers travelling with troops. Expenses to embarkation will be adjusted by the home concerned, and claims for the journey and embarkation by the Command Paymaster to which the officers are proceeding.
- (b) Officers not travelling with troops. Whole starting point to destination will be adjusted by the Command Paymaster of the Command to which the claimant proceeds.

*Homeward Journeys—*Expenses incurred before will be paid by the Command Paymaster at the place of departure and claims for the remainder of the journey will be paid by the appropriate Paymaster at home.

ion is investigated, the nominated heir is disqualified,
will be admissible to the living relative highest in the
aph 1067, or if that relative is ineligible, to the next

h 1069 is reconstructed as follows —

ant of family pension is for life, subject to the follow-
ins —

ension is given to a son until the age of 18 years only,
unless he is a cripple or otherwise physically or mentally
unable to support himself, in which case it can be
given for life

pension is given to a father only after the age of 50
years, before that age, only if he is (a) a cripple or
otherwise physically or mentally unable to support
himself, or (b) if and for so long as the deceased's
widow, not being re married, or any sons of the
deceased soldier under 18 years of age, or over 18 years
but physically or mentally incapacitated, or any unmar-
ried daughters are being supported by him. If under
this rule the pension ceases before the age of 50, it
will be resumed on his attaining that age

pension to a female ceases on marriage, or, in the case
of a widow, on re marriage. In special cases where
minor sons or sons over age but physically or mentally
incapacitated or unmarried daughters (the widow
being dead or having forfeited her pension) are in
necessitous circumstances, the Government of India
will consider the propriety of continuing the family
pension to such persons and for such a period as they
may think fit

directed to state that proposals have been under consideration for the grant of leave out of India in special cases, for commissioned officers and men of Territorial Force units in this country.

His Excellency the Commander-in-Chief is prepared to receive to three or four applications at one time from each of the brigades of artillery, of Territorial Force units, for non-commissioned officers and men desirous of proceeding to India on very urgent business.

For such applications for special leave should be submitted with full reasons in support. In this connection it is directed that Officers Commanding units should be instructed to accept only such applications as are worthy of very special consideration.

Persons granted leave out of India will be eligible for "free" passages under paragraph 44, Army Regulations, Part X, but in the event of no accommodation being available for them, they must be prepared to pay their own passage. It is also invited to India Army Order 801, dated 1st January 1915, regarding the amount to be deposited with the local Commandant for the journey across France.

I am directed to inform you that the Government sanction the appointment for the duration of the war of visiting officers, five for the Northern Army Area and 8th and five for the Southern Army Area and 4th and Burma to assist the Inspectors of Physical and Bayonet Training supervising the training of units in India and Burma.

2. These officers will not draw any extra duty, be entitled to travelling and detention allowances, Rs. 5 per diem on the conditions laid down in Army Order letter No. 44793-1 (A. G.-1), dated the 28th May 1917.

3. The expenditure involved is debitable to the appropriate head of account affected.

With the approval of the Secretary of State following instructions are issued with reference to the gratuity under Article 497 of the Royal Warrant of December 1914 and paragraph 166, Army Regulations Volume I, and Army Department letter No. 1001 of 29th August 1917 (Appendix 174 to these Instructions) of the Indian Army Reserve on transfer to the Service *vice versa*. The officers concerned are covered by the following categories:—

- (a) An officer who has hitherto served only in the Indian Army Reserve of Officers and who is called to relinquish his commission with a view to being commissioned in the British Army.
- (b) An officer who has hitherto served only in the Indian Army Reserve of Officers and who is transferred to the British Army at his own request to the British Army.
- (c) An officer who has hitherto served only in the Indian Army Reserve of Officers and who is transferred to the British Army at his own request to the British Army.

- (d) An officer who had British service before joining Indian Army Reserve of Officers and is called to relinquish his commission with a view to being commissioned in the British Service
- (e) An officer who had British service before joining Indian Army Reserve of Officers and who is transferred back to the British Army as at (b) or (c)
- (f) A British Service officer who is transferred to the Army Reserve of Officers

As regards class (a), the gratuity due in respect of service with the Indian Army Reserve of Officers will be issued but it should be made clear to an officer in this category on being re-committed into the British Army that the gratuity issuable to him on termination of service will be assessed on the whole period of service at British rates, allowance being made for any sum previously received in respect of Indian service. If the British gratuity is less than the Indian gratuity already received no refund will be required.

As regards class (b), no gratuity should be issued at the date of transfer. On termination of service the gratuity will be assessed at British rates for the whole period of service.

As regards class (c), an officer will be entitled to a gratuity on termination of service with the British Army based on British rates for the whole period of service or to a gratuity based on Indian rates for the period of service with the Indian Army Reserve of Officers whichever is greater. This provision will come into effect from the date of issue of these instructions. An officer transferred at any future date from the Indian Army Reserve of Officers to the British Service whether at his own request or not, will come under the conditions explained in clause (a) although the gratuity issuable may be less than that earned in the Indian Service.

As regards class (d), the same procedure will be adopted as that laid down in clause (a).

The case of an officer in class (e) should be dealt with as explained in clause (b).

As regards class (f), a gratuity based on Indian rates for the whole period of his service will be issued to an officer on termination of service with the Indian Army Reserve of Officers at the outbreak of the emergency or on relinquishment of commission before the

APPENDIX 208 (See A 1 I 1181)

Army Department letter No. 11886,
20th October 1916.

I am directed to refer to Army Department letter dated the 13th March 1915, and to say that the terms in that letter for Gurkha and Garhwali volunteers from and Assam Military Police have been made applicable to volunteers from the Military Police. As certain have, from time to time, been made to these terms, it is desirable that a letter, embodying all the amendments to the terms applicable to all classes of volunteers from the Police, should be issued. I am accordingly to forward statements showing the present terms of service and clothing admissible to such volunteers.

2 The expenditure should be debited to His Majesty Government through the Central War Controller, excepted with pensions, which should be passed on to the War Controller for adjustment.

STATEMENT A

Terms of service under which all classes of volunteers (except for whom special orders are issued) from the Military are serving with regular units

1 Only one Indian officer and six non commission per 100 men to be included with drafts

2 Bonus of two months' pay of rank at Police rates on joining

3 Indian Army rates of pay with good service and deduct pay according to length of service, from the date of that of departure from their Police Battalions to join a Unit

4 Free issue of field service kit as shown in statement on joining depot or unit to which posted for training. R by State. No clothing allowance

5 The following will be referred to in the letter to be issued on the 13th

Letter from the Deputy Accountant General Office, to the Military Accountant General Simla, No. A. G. D.-31-X., dated the 25th 1918.

I am directed to forward for your information of War Office circular letter*
 *Reproduced below. 12th April 1918, No 0103-Gen

(F-2) prescribing the rates of exchange applicable in settling the amounts to be recovered from British officers who are prisoners of war in Turkey and elsewhere, in respect of pay presumed to be issued by enemy Governments, request that instructions may be given to the various Commandants of Military Accounts in India to adjust accordingly the pay of any such officers in their payment.

The rates for April, May and June have been added to the lists, and further advice will be sent of the rates for subsequent months.

Memorandum from the Assistant Financial Secretary, War Office, to all Paymasters to Commandants of Contingents and Army Agents, No. 010 No. 225 (F.-2), dated the 12th April 1918.

With reference to the last two paragraphs of War Office circular letter number as above, dated 21st December 1917, the rates of exchange at which deductions should be made from the pay of prisoners of war, for past periods are as follows —

	Germany marks to £ sterling	Austria kronens to £ sterling	Turkey L.T. to £ sterling	Algiers leva to £ sterling	Holland gulden to £ sterling
September 1914 to August 1915	15 50 15 50	30 00	
September 1915 to August 1916	25 50	31 50
September 1916 to August 1917.	30 00	47 00	1 52	22 50	

	Germany marks to £ sterling	Austria kroners to £ sterling	Turkey £ T to £ sterling	Bulgaria leva to
September 1917 .	34 50	51 50	1 73	40
October 1917 .	31 00	53 00	1 69	41
November 1917 .	31 00	52 00	1 58	40
December 1917 .	36 00	41 50	1 33	38
January 1918 .	36 50	38 50	1 19	30
February 1918 .	24 50	39 50	1 227	29
March 1918 .	24 00	35 50	1 30	30
April 1918 .	25 00	40 00	1 30	31
May 1918 .	24 00	37 25	1 23	30 50
June 1918 .	24 00	39 00	1 30	31 00

The rate of exchange for Bulgaria and Turkey

*0103 Gen No. 357 years 1914-15 and 1915-16
(F 2) pre-war rate No mulgated* as soon as
adjustment necessary

Under the arrangements in force before
deductions were made as follows .—

Germany—

Captains and higher ranks 100 marks = £3 per
Lieutenants . . . 60 " = £3 =

Austria—

General Officers . . . 10 kroners = £ 4/4
Colonels and Majors . . . 8 " = 5/ " "
Captains and Lieutenants . . . 2 " = 3/2/ " "

Turkey—

Captains and higher ranks . . . 4-6d " "
Lieutenants . . . = 4/ " "

Bulgaria—

General Officers . . . 120 leva = £4-15-0
Colonels . . . 100 " = £3-10-3
Majors . . . 80 " = £3-11-3
Captains . . . 50 " = £3 5 4
Lieutenants . . . 70 " = £2-15-3

It will now be necessary in the case of Germany, Bulgaria to substitute for the sterling amounts deducted, sums calculated at the current rate of exchange notified above to correspond with the local payments in the preceding paragraph

In Turkey there have been two systems of payment, not proposed to make an exact adjustment in accordance with the local issues. Sums of 4/6 and 4/ have been throughout in Agents accounts, and it is understood present Turkey is issuing piastres equivalent to 4/6 diem calculated on the pre war rate of exchange of £1 = 100 piastres. For purposes of adjustment the advances by the Government will therefore be regarded as follows —

$$4s\ 6d = 24\ 75\ \text{piastres}$$

$$4s = 22\ 30\ \text{piastres}$$

and the deduction to be made from an officer's account calculated accordingly. Thus for an advance to a Lt Colonel on 1 October 1917 the deduction will be £4-0-9, viz, 22 00 pence \times 31 days = 682 piastres = £4 0-9 calculated at £1 60 T = £1 sterling

The rate of exchange for Holland, notified in memorandum 0103-1 711 of the 17th November as 1 l 8d is hereby cancelled

**Letter from the Accountant General, India
to the Military Accountant General
No A. G. D.-31-X, dated the 6th August 1918**

In continuation of the letter from this office D-3 25th June, forwarding copies of War Office circular 1 12th April 1918, No 0103 Gen No 225 (F-2), pre rates of exchange to be applied in calculating the amounts recovered from British officers who are prisoners of war and elsewhere, I am directed to acquaint you that the conversion of Turkish money for July and August 1918 follows:—

For July—

$$\text{Turkish } 1\ 20\ \text{£} = \text{£1 sterling}$$

$$\text{or £1 Turkish} = 209\ \text{pence}$$

For August—

$$\text{Turkish } 1\ 80\ \text{£} = \text{£1 sterling}$$

$$\text{or £1 Turkish} = 144\ \text{pence}$$

Appointment, pay and promotion of ward orderlies

Ward orderlies may be employed in Indian station hospitals to 1 man per 100 beds. They will be chiefly pensioned discharged soldiers who have been re-engaged for duty as orderlies. When sufficient men of the above classes are not available, they may be recruited from the ranks of the Indian Army under the provisions of the Indian Army Act, 1919, (S-1), dated 23rd September 1918, from the Director, Medical Services.

2. Acting non commissioned rank may be given to 1 man of every ten or fraction of 10 ward orderlies in each hospital of 20 beds and over. In hospitals of 20 to 50 beds, there will be 1 acting naik and in those of over 50 beds one acting havildar, the remaining non-commissioned officers being acting naks.

3 The pay of ward orderlies, other than acting non-commissioned officers, will be that admissible under existing regulations.

4 Acting havildars will draw pay at Rs 18 per mensem and acting naks at Rs 14 per mensem. These rates will be in addition to pension in the case of re-engaged pensioners.

5 "Nursing pay" at the following rates will be admissible to all men employed as ward orderlies in hospitals or sections provided that, after examination, they are certified to be fit for nursing duties.—

	Rs per mensem
After 1 year's service	2
" 5 years	4
" 7 years	5

6 The period of qualifying service for nursing pay will be from the date on which the men take up the duties of ward orderlies.

7 Nursing pay will be admissible to acting non-commissioned officers in addition to the rates of pay given in paragraph 4.

8 Should any man, in the opinion of the commanding officer of the Indian station hospital, not maintain the necessary standard of efficiency, his "nursing pay" may be either reduced to a lower rate or withdrawn altogether. It may be again admitted to the former rate at the discretion of the commanding officer on the scales of pay for Indian Army Medical Tables (Medical), 1919.

No 676 of 1918, respectively, will be maintained for ward orderlies. Such clothing and shoes will be regarded as personal equipment and will be at the disposal of the orderlies for as such.

Army Department letter No. 18899, 22nd December 1917.

I am directed to refer to the correspondence ending No. 27-4-39-Medl dated the 21st August 1917 from the Officer Commanding, Medical School, Bombay, should be pensioned only after passing the institution has been under the consideration of the Government of India.

2. It is understood that for surgical reasons about 6 to 8 must elapse before such men can have artificial limbs that this period is hardly sufficient to admit of men being in certain trades. For this reason, and also in the discipline, it has been suggested to the Government of India these men should not be pensioned until after they are from the institution.

3 I am to say that the Government of India are of that the advantages with regard to discipline, which may from the adoption of this suggestion, are not the extra expenditure involved. It is considered that it always be open to the officer in charge of the institution to a man if he finds it necessary to do so in the interests of and that the knowledge of this eventuality should go far ensuring good behaviour.

It has accordingly been decided that the following should be adopted in future :—

Men desirous of undergoing treatment and instruction in the institution should be subjected to an examination by a medical board, and, if found fit to be admitted to the institution, should be admitted once. Men so admitted should receive full the first six months from the date of admission, which they should be permanently placed on the establishment.

4. I am to add that these orders will also apply to the men at present undergoing instruction in the institution in as pay and pension are concerned.

Extract from Army Council Instruction N 1916 regarding leave granted to soldiers owing to exigencies their civil profession, business or affairs.

Army Council Instruction 1026, of 1916 is following substituted:—

Officers.

1. An officer of the Regular Army, Special Reserve Force serving at Home, who, during the continuance of his civil profession, business or private affairs, may, if the Commanding-in-Chief is satisfied of the urgency of the case, that the absence of the officer is absolutely necessary, be granted such leave as the General Officer Commanding-in-Chief will meet the case, up to, but not exceeding, one month.

2. If, at the time of granting leave or prior to the expiration of such leave, the officer can satisfy the General Officer Commanding-in-Chief that an extension of leave beyond one month is urgently required for the settlement of his affairs, the General Officer Commanding-in-Chief may, provided the officer forego the receipt of any pay and allowances from the War Office, refer the case to the War Office with his remarks. The extension is to be granted without War Office authority.

3. In all cases of extension of leave granted to an officer under these circumstances, the Officer Commanding his regiment or battalion be responsible that the Army Agents are notified that the extension is without pay.

4. Leave is granted by the military authorities in Egypt, Salonika and India at their discretion, and the officer is to forward a report to the War Office, to allow one month in the U. K. for the purpose of the above.

5. Officers granted leave will on no account take up any business or other matters with the War Office or any other authority during the absence of the officer.

6. Officers granted leave will on no account take up any business or other matters with the War Office or any other authority during the absence of the officer.

ARMY COUNCIL INSTRUCTION

342 Income Tax on Army Pay

1 Army pay is legally taxable on issue, but under conditions, owing to uncertainty as to the annual total officer's taxable emoluments and to the complications of tax, it has proved impossible in very many cases to assess tax correctly in advance.

2 To minimize correspondence and inconvenience to officers a new scheme will take effect from 1st April 1918 under which *provisional* assessments will be made at the beginning of each year on the information available as to an officer's *net* liability (i.e. allowing for abatements and relief on unearned income, taxed dividends, etc.), and recovery will be spread over the months of the year by as nearly as possible equal instalments.

3 The instalments as fixed at the beginning of the year require revision if the rate of pay is materially altered.

4 The monthly instalments will rarely total to the amount of tax payable which can be determined only when accounts for the fiscal year are complete. The exact liability of every officer will be determined as soon as possible after the close of the year. Agents and Paymasters will then be instructed to collect the assessment by returning any tax that may be due to the Revenue or recovering any tax that may be due to the Revenue.

5 The proposed system will not only secure the tax due but also secure to them, by a set off against the tax on Army pay, any relief due in respect of unearned income. To this end it is necessary that they should render an annual return of income in the fiscal year, without which Paymasters and Agents are unable to calculate correctly the relief allowable. Forms of (A. F. O. 1656) can be obtained from Army Agents or Paymasters.

6 The monthly deduction will bear no immediate relation, so far as the *rate* of tax is concerned, to the amount of pay to which it is deducted, and enquiries as to the *rate* of tax chargeable for any particular month will be unnecessary.

7 Officers joining the Army or resuming duty from leave during the year should immediately send a return of

to the Agents or Paymaster to inform them to *from what address* a return has already been deductions of tax will be made until receipt of the amount of the monthly deduction will be fixed the final liability, as far as it can then be

8 In cases where the relief due on the amount of tax chargeable on pay, no tax from the latter, and the balance of any relief already allowed from income assessed locally through the Army Agents or Paymasters as known, provided the officer has made his In such cases no claim of repayment through Department will be required

9 In cases where an officer is liable at will be taken from the pay as issued which may be claimed in respect of Life

10 In estimating the amount of officer, a deduction will be made, as Instruction 1 of 1913, of the annual cost of

[NB—It should be noted that assessments for in many cases still incomplete, that Agents and instructed by the Commissioners to carry out and that the Agents and Paymasters are bound to so received.]

APPENDIX 275 (See A. I. I. 1464).

War Office letter No. 0137-4192 (M. S. 3), dated
30th July 1917.

I am commanded by the Army Council to inform you that question of advancement of Quartermasters in honorary rank under Articles 80 and 831 of the Royal Warrant, has been under consideration. The following qualifications hitherto during the war been required to support recommendations:—

- (a) Promotion to Honorary Major.—Three years' service in the rank of Honorary Captain.
- (b) Promotion to Honorary Captain.—Five years' service in the rank of Honorary Lieutenant (11.2.17. No. 2, dated 9th August 1916).
- (c) Advancement to higher rate of pay, restricted to service in the field.—Three years in the rank of Honorary Lieutenant.

2. Consequent, however, on the decision that in the present abnormal conditions prevail, Quartermasters are eligible for the honorary rank of Captain after three years' service and for honorary rank of Major after 13 years' service, the qualifications recorded above become inoperative and the following have been approved in substitution:—

3. For promotion to Honorary Lieutenant-Colonel.—

4. For promotion to Honorary Major.—Five years' service in the rank of Honorary Captain.

5. For promotion to Honorary Captain.—Five years' commissioned service on full pay.

6. Promotion to Honorary Captain.—As it has now been decided that all Quartermasters under Articles 79 and 830 provided that they are recommended, receive promotion to Honorary Captain on completion of three years' commission on full pay, no recommendations for accelerated promotion to Honorary Captain can be accepted.

Recommendations for higher rate of pay. tions for higher rate of pay for distinguished service should be restricted to Quartermasters who have

- (a) three years' commissioned service on full Honorary Lieutenant ; or
- (b) five years' commissioned service on full Honorary Captain ; or
- (c) five years' commissioned service on full Honorary Major.

7. A Quartermaster who has received a step in under Article 80 or 331, and who has accordingly h to the next higher rate of pay (see Article 241, P is not eligible for recommendation under (a), (b) or (c) as long as he remains in that rank.

Extract from War Office letter No. 0137 S.-3), dated the 18th June 1918.

I am commanded by the Army Council to inform it has been decided that the increments of pay which may be granted to officers of the Quartermaster class under article 331 of the Royal Warrant, for distinguished service in the field, may, during the present war, be granted also to those meritorious or distinguished service of an exceptional nature than in the field.

2.

3. Recommendations in terms of this letter should be made very sparingly and no good purpose can be served in making recommendations for higher rate of pay in terms of article 331 of the Royal Warrant unless it is clearly shown that the services of the officer are of exceptional nature and add to the duties normally connected with the appointment.

4. In cases in which higher rate of pay is proposed in connection with a step in rank being conferred, a Quartermaster should not be recommended unless he has completed commissioned service on the rank for a period which brings him within two years of the date at which he would, if recommended, be ordinarily advanced to the next higher rate of pay under existing regulations.
